

Estimated average hours per response: FR 1379a: 5 minutes; FR 1379b: 5 minutes; FR 1379c: 10 minutes.

Number of respondents: FR 1379a: 2,640; FR 1379b: 1,800; FR 1379c: 10,000.

General description of report: This information collection is voluntary and authorized by law (15 U.S.C. 57(a)(f)(1)). While the individual respondent's information is confidential, once such information has been aggregated, the aggregated information is not considered confidential. The information may be aggregated with responses from other respondents and released in statistical format while maintaining the privacy of the individual respondents. If a respondent provides information not specifically solicited on the form, that information may be exempt from disclosure under FOIA (5 U.S.C. § 552 (b)(4), (b)(6), or (b)(7)) upon specific request from the respondent.

Abstract: The FR 1379 questionnaires are sent to consumers who have filed complaints with the Federal Reserve against state member banks. The information gathered on the questionnaires is used to determine whether consumers are satisfied with the way the Federal Reserve Bank handled their complaints and to solicit suggestions for improving the complaint investigation process.

Current Actions: The Federal Reserve proposes to revise the FR 1379 information collection by: (1) renumbering the current FR 1379 to FR 1379a and reducing the number of questions from twenty-five to six, (2) implementing a new voluntary questionnaire, the Federal Reserve Consumer Help Center Survey (FR 1379b) to survey consumers about the Federal Reserve Consumer Help (FRCH) center, the Federal Reserve System's new central intake center for consumer complaints and inquiries, and (3) implementing a new voluntary consumer complaint form, the Federal Reserve Consumer Help Online Complaint Form (FR 1379c) to the FRCH web site¹ that would allow consumers to submit their complaint or inquiry to the FRCH center electronically. The proposed changes would be effective second quarter 2008.

Board of Governors of the Federal Reserve System, January 30, 2008.

Jennifer J. Johnson,

Secretary of the Board.

BILLING CODE 6210-01-S

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Advisory Board on Radiation and Worker Health (ABRWH), National Institute for Occupational Safety and Health (NIOSH)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC), announces the following meeting of the aforementioned committee:

Time and Date: 11 a.m.–4 p.m., February 20, 2008.

Place: Audio Conference Call. The USA toll free dial in number is 1 (866) 659-0537. Passcode is 9933701.

Status: Open to the public, but without a public comment period.

Background: The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program

Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines which have been promulgated by the Department of Health and Human Services (HHS) as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program, and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC).

In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, most recently, August 3, 2007, and will expire on August 3, 2009.

Purpose: This Advisory Board is charged with (a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, advising the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class.

Matters To Be Discussed: The agenda for the conference call includes: Special Exposure Cohort (SEC) Petition Status Updates for Chapman Valve and Dow Chemical; Work Group Updates; Subcommittee on Dose Reconstruction Update; Status of transcripts and minutes; and Board working time and future plans and meetings.

The agenda is subject to change as priorities dictate.

Because there is not a public comment period, written comments may be submitted. Any written comments received will be included in the official record of the meeting and should be submitted to the contact person below well in advance of the meeting.

Contact Person for More Information: Dr. Lewis V. Wade, Executive Secretary, NIOSH, CDC, 4676 Columbia Parkway, Cincinnati, Ohio 45226, Telephone (513) 533-6825, Fax (513) 533-6826.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both CDC and the Agency for Toxic Substances and Disease Registry.
