

by prospectively studying children who were born with this potentially disabling condition. We estimate to enroll approximately 40 parents with a child with Spina Bifida ages 3-, 4-, or 5-years of age, and 20 of the children of these forty parents. The data to be collected will relate to medical concerns prevalent among individuals with Spina Bifida in the areas of neurology/neurosurgery, urology, and orthopedics; development and learning; nutrition and physical growth; mobility and functioning; general health; and family demographics. Families interested in participating can choose between

participating in a phone survey (no more than 40 minutes) or an in-person assessment (no more than 2 hrs). For families who participate in the in-person assessment, (estimated to be twenty of the forty families); the child will also be invited to participate in a child-appropriate assessment. Data will also be collected on the actual recruitment process. Results from the project will be evaluated and disseminated to provide guidance for states that are interested in following children with Spina Bifida prospectively. The proposed project is the initial step to document the

development, the health status, and the onset of complications among children with SB in order that effective interventions may be identified that will ameliorate the course of this complex, multi-system condition. Long-term results will help determine if it would be beneficial to systematically screen children with Spina Bifida for certain health related, educational and developmental problems that these children are at an increased risk of experiencing and at what age such a screening should be performed. There will be no cost to the respondents other than their time.

ESTIMATE OF ANNUALIZED BURDEN HOURS

Respondents	Number of respondents	Number of responses per respondent	Average burden per response (in minutes)	Total burden hours
Parents (phone survey)	20	1	40/60	13
Parents (in-person assessment)	20	1	2	40
Child (in-person assessment)	20	1	1	20
Total	73

Dated: January 25, 2008.
Maryam I. Daneshvar,
Acting Reports Clearance Officer, Centers for Disease Control and Prevention.

Food and Drug Administration

[Docket No. FDA-2008-N-0051] (formerly Docket No. 2007N-0422)

Agency Information Collection Activities; Submission for Office of Management and Budget Review; Comment Request; Application for Participation in the Medical Device Fellowship Program

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that a proposed collection of information has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Fax written comments on the collection of information by March 6, 2008.

ADDRESSES: To ensure that comments on the information collection are received, OMB recommends that written comments be faxed to the Office of Information and Regulatory Affairs, OMB, Attn: FDA Desk Officer, FAX: 202-395-6974, or e-mailed to *baguilar@omb.eop.gov*. All comments should be identified with the OMB control number 0910-0551. Also include the FDA docket number found in brackets in the heading of this document.

FOR FURTHER INFORMATION CONTACT: Denver Presley Jr., Office of the Chief Information Officer (HFA-250), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-1472.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, FDA has submitted the following proposed collection of information to OMB for review and clearance.

Application for Participation in the Medical Device Fellowship Program; (OMB Control Number 0910-0551)—Extension

Sections 1104, 1302, 3301, 3304, 3320, 3361, 3393, and 3394 of title 5 of the United States Code, authorize Federal agencies to rate applicants for Federal jobs. Collecting applications for the Medical Device Fellowship Program will allow FDA's Center for Devices and Radiological Health (CDRH) to easily and efficiently elicit and review
