Brake Rotors From the People's Republic of China: Preliminary Results of the 2006-2007 Administrative and New Shipper Reviews and Partial Rescission of the 2006-2007 Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") is currently conducting the 2006-2007 administrative and new shipper reviews of the antidumping duty order on brake rotors from the People's Republic of China ("PRC"). We preliminarily determine that sales have not been made below normal value ("NV") with respect to certain exporters who participated fully and are entitled to a separate rate in the administrative or new shipper reviews. If these preliminary results are adopted in our final results of these reviews, we will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on entries of subject merchandise during the period of review ("POR") for which the importer-specific assessment rates are above *de minimis*.

Interested parties are invited to comment on these preliminary results. We will issue the final results no later than 120 days from the date of publication of this notice.

EFFECTIVE DATE: February 5, 2008.

FOR FURTHER INFORMATION CONTACT: Frances Veith or Blanche Ziv, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4295 or (202) 482-4207, respectively.

Background

On April 17, 1997, the Department published in the **Federal Register** the antidumping duty order on brake rotors from the PRC. See *Notice of Antidumping Duty Order: Brake Rotors from the People's Republic of China*, 62 FR 18740 (April 17, 1997) ("*the Order*").

New Shipper Review

On April 18, 2007, Shanghai Tylon Company Ltd. ("Tylon") requested a new shipper review of the antidumping duty order on brake rotors from the PRC, which has an April anniversary month, in accordance with 19 CFR 351.214(c). In response to the Department's April 24, 2007, request for information, Tylon provided supplemental information on April 27, 2007. On May 25, 2007, the Department initiated a new shipper review of Tylon covering the period April 1, 2006, through March 31, 2007. See *Brake Rotors From the People's Republic of China: Initiation of Antidumping Duty New Shipper Review*, 72 FR 29299 (May 25, 2007). On May 23, 2007, the Department issued a new shipper antidumping duty questionnaire to Tylon.

On July 5, 2007, the Department received Tylon's Sections A, C, and D response. On July 19, 2007, the Department received Tylon's Importer-Specific Questionnaire response. On August 24, 2007, the Department issued a supplemental questionnaire to Tylon, to which we received a response on September 17, 2007. On June 4, 2007, the Department placed on the record of the new shipper review copies of CBP documents pertaining to the shipment of brake rotors from the PRC exported by Tylon to the United States during the POR.¹

On May 31, 2007, we requested that the Office of Policy issue a surrogate-country memorandum for the selection of the appropriate surrogate countries for this new shipper review.² On June 1, 2007, the Office of Policy provided a list of five countries at a level of economic development comparable to that of the PRC for the POR.³ On June 6, 2007, the

Department invited all interested parties to submit comments on surrogate-country selection and to submit publicly available information as surrogate values ("SVs") for purposes of calculating NV.⁴ See "Surrogate Country" section below. On August 1, 2007, the Coalition for the Preservation of American Brake Drum and Rotor Aftermarket Manufacturers ("petitioner") submitted publicly available information for use as SVs in the calculation of NV in the 2006-2007 new shipper review. On August 17, 2007, the Department selected India as the most appropriate surrogate country for the purpose of this new shipper review.⁵

On August 23, 2007, Tylon agreed to waive the new shipper review time limits in accordance with 19 CFR 351.214(j)(3), to align the new shipper review with the concurrent 2006-2007 administrative review of the antidumping duty order on brake rotors from the PRC. On August 24, 2007, the Department aligned the new shipper review with the 2006-2007 administrative review of the antidumping duty order on brake rotors from the PRC.⁶

Administrative Review

On April 2, 2007, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on brake rotors from the PRC. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 72 FR 15650 (April 2, 2006).

On April 30, 2007, the Department received timely requests for an administrative review of this antidumping duty order in accordance with 19 CFR 351.213 from the following individual companies: LABEC, Winhere, Haimeng, Hongda, Meita, Wally, and Longkou Dixon Brake System Ltd. ("Dixon"). On April 30,
