

NRDC, 435 U.S. 519, 533 (1978). Also, environmental objections that could be raised at the draft EIS stage, but that are not raised until after completion of the final EIS, may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334 (E.D. Wis. 1980). Because of these court rulings, it is very important that persons interested in this proposed action participate by the close of the 90-day comment period on the draft EIS so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final EIS.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specified as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

SUPPLEMENTARY INFORMATION:

Title: Livestock Slaughter Survey.

OMB Control Number: 0535-0005.

Approval Expires: August 31, 2008.

Type of Request: Intent to Request Approval to Revise and Extend an Information Collection.

Abstract: The primary objective of the National Agricultural Statistics Service is to prepare and issue State and national estimates of crop and livestock production, prices, and disposition. The livestock survey program collects information on livestock slaughter. Slaughter data are used to estimate U.S. red meat production and reconcile inventory estimates which provide producers and the rest of the industry with current and future information on market supplies. This data is also used in preparing production, disposition, and income statistics which facilitate more orderly production, marketing, and processing of livestock and livestock products. The livestock program was approved by OMB for a 3-year period in 2005; NASS intends to request that the survey be approved for another 3 years.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-113) and Office of Management

and Budget regulations at 5 CFR part 1320 (60 FR 44978, August 29, 1995).

Estimate of Burden: The Livestock Slaughter Survey includes a weekly survey of 900 Federally Inspected (FI) slaughter plants and monthly/quarterly surveys of approximately 2,000 Non-Federally Inspected (NFI) slaughter facilities. Public reporting burden for this collection of information is estimated to average 7 minutes per response for an estimated annual average burden of 370 minutes per respondent.

Respondents: Farmers, USDA inspectors, and custom/state inspected slaughter plants.

Estimated Number of Respondents: 2,900.

Estimated Total Annual Burden on Respondents: 18,000 hours.

Copies of this information collection and related instructions can be obtained without charge from NASS Clearance Officer, at (202) 720-2448.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, January 16, 2008.

Joseph T. Reilly,

Associate Administrator.

SUPPLEMENTARY INFORMATION:**Overview**

Federal Agency: Rural Business-
Cooperative Service.

Funding Opportunity Type: Rural
Business Opportunity Grants.

Announcement Type: Initial
announcement.

*Catalog of Federal Domestic Assistance
Number:* 10.773.

Dates: Application Deadline:
Completed applications for these funds
must be received in the Rural
Development State Office no later than
March 31, 2008, to be eligible for FY
2008 grant funding. Applications
received after this date will not be
eligible for FY 2008 grant funding.

I. Funding Opportunity Description

The RBOG program is authorized
under section 306(a)(11) of the
Consolidated Farm and Rural
Development Act (CONACT) (7 U.S.C.
1926(a)(11)). The Rural Development
State Offices administer the RBOG
program on behalf of USDA Rural
Development at the State level. The
primary objective of the program is to
improve the economic conditions of
rural areas. Assistance provided to rural
areas under this program may include
technical assistance for business
development and economic
development planning. To ensure that a
broad range of communities have the
opportunity to benefit from the program,
no grant will exceed \$50,000, unless it
is a multi-State project where funds may
not exceed \$150,000. As indicated in
the summary, these limits do not apply
to specified funding for Native
American, Empowerment Zones,
Enterprise Communities, and Rural
Economic Area Partnerships.

Awards are made on a competitive
basis using specific selection criteria
contained in 7 CFR part 4284, subpart
G. Information required to be in the
application package include an SF-424,
"Application for Federal Assistance;"
applicant's organizational documents;
Scope of Work Narrative; Income Sheet;
Balance Sheet or current audit if
available; AD-1047, "Debarment/
Suspension Certification;" AD-1048,
"Certification Regarding Debarment,
Suspension, Ineligibility and Voluntary
Exclusion;" AD-1049, "Certification
Regarding Drug-Free Workplace
Requirements;" Restrictions on
Lobbying, RD 400-1, "Equal
Opportunity Agreement;" and RD 400-
4, "Assurance Agreement." See 7 CFR
4284.639 for additional application
requirements. Information required to
be in the application package are
contained in 7 CFR part 4284, subpart
G. The State Director may assign up to

15 discretionary points to an application, and the Agency Administrator may assign up to 20 additional discretionary points for projects funded from the National Office reserve. Discretionary points awarded by the State Director or Administrator must be based on geographic distribution of funds, special importance for implementation of a strategic plan in partnership with other organizations, or extraordinary potential for success due to superior project plans or qualifications of the grantee. To ensure the equitable distribution of funds, a maximum of two projects from each State that score the greatest number of points based on the selection criteria and discretionary points will be considered by the National Office for funding.

Applications will be tentatively scored by the State Offices and submitted to the National Office for final review and selection.

The National Office will review the scores based on the grant selection criteria and weights contained in 7 CFR part 4284, subpart G. All applicants will be notified by USDA Rural Development of the Agency's decision on the awards.
