Public Participation

Interested persons are invited to submit written data, views, or arguments on all aspects of the proposed interpretation. If appropriate to a specific comment, the commenter should reference the specific portion of the proposed interpretation, explain the reason for any recommended change, and include data, information, or authority that support such recommended change.

Background

Notice of Proposed Interpretation

On January 24, 2008, a notice was published in the **Federal Register** (73 FR 4254) informing interested parties that Customs and Border Protection (CBP) proposed a new interpretation of the phrase "sold for exportation to the United States" for purposes of applying the transaction value method of valuation in a series of sales importation scenario. Under this proposal, in a transaction involving a series of sales, the price actually paid or payable for the imported goods when sold for exportation to the United States is the price paid in the last sale occurring prior to the introduction of the goods into the United States, instead of the first (or earlier) sale. As a result, transaction value will normally be determined on the basis of the price paid by the buyer in the United States. This proposed interpretation reflects the conclusions of the Technical Committee on Customs Valuation as set forth in Commentary 22.1, entitled "*Meaning of the Expression 'Sold for Export to the Country of Importation' in a Series of Sales.*"

The notice of proposed interpretation invited public comment on the

proposal, and requested that comments be received on or before March 24, 2008.

Extension of Comment Period

In response to the proposed interpretation, CBP has received correspondence requesting an extension of the comment period. A decision has been made to grant an extension of 30 days. Comments are now due on or before April 23, 2008.

Dated: February 1, 2008.

Myles B. Harmon,

Acting Executive Director, Regulations & Rulings, Office of International Trade.
