United States v. Pearson PLC, Pearson Education Inc., Reed Elsevier PLC, Reed Elsevier NV, and Harcourt Assessment Inc.; Proposed Final Judgment and Competitive Impact Statement

Notice is hereby given pursuant to the Antitrust Procedures and Penalties Act, 15 U.S.C. 16(b)-(h), that a proposed Final Judgment, Stipulation, and Competitive Impact Statement have been filed with the United States District Court for the District of Columbia in *United States v. Pearson plc, Pearson Education Inc., Reed Elsevier PLC, Reed Elsevier NV, and Harcourt Assessment Inc.*, Civil Action No. 1:08-cv-00143. On January 24, 2008, the United States filed a Complaint to enjoin the proposed acquisition by Pearson plc and Pearson Education Inc. (collectively "Pearson"), of Harcourt Assessment Inc. ("Harcourt"), a wholly-owned subsidiary of Reed Elsevier PLC and Reed Elsevier, NV, and to obtain equitable and other relief. The Complaint alleges that Pearson's acquisition of Harcourt would substantially lessen competition in the markets for adaptive behavior, speech and language, and adult abnormal personality clinical tests in violation of section 7 of the Clayton Act, 15 U.S.C. 18. The proposed Final Judgment, filed at the same time as the Complaint, requires Pearson to divest: (1) Harcourt's

adaptive behavior clinical test, the Adaptive Behavior Assessment System; (2) Harcourt's adult abnormal personality clinical test, the Emotional Assessment System, which is under development; and (3) in the speech and language clinical test market, either Pearson's Comprehensive Assessment of Spoken Language and the Oral and Written Language Scales or Harcourt's Clinical Evaluation of Language Fundamentals.

Copies of the Complaint, proposed Final Judgment, and Competitive Impact Statement are available for inspection at the United States Department of Justice, Antitrust Division, Antitrust Documents Group, 325 7th Street, NW., Room 215, Washington, DC 20530 (telephone: 202-514-2481), on the United States Department of Justice's Web site at <http://www.usdoj.gov/atr>, and at the Office of the Clerk of the United States District Court for the District of Columbia. Copies of these materials may be obtained from the Antitrust Division upon request and payment of the copying fee set by United States Department of Justice regulations.

Public comment is invited within 60 days of the date of this notice. Such comments, and responses thereto, will be published in the **Federal Register** and filed with the Court. Comments should be directed to James J. Tierney, Chief, Networks and Technology Enforcement Section, Antitrust Division, United States Department of Justice, 600 E Street, NW., Suite 9500, Washington, DC 20530 (telephone: 202-307-6200).

Complaint

The United States of America, acting under the direction of the Attorney General of the United States, brings this civil antitrust action to enjoin the proposed acquisition by Pearson plc and Pearson Education Inc. (collectively "Pearson"), of Harcourt Assessment Inc. (hereafter "Harcourt"), a wholly-owned subsidiary of Reed Elsevier PLC and

Reed Elsevier, NV (collectively "Reed Elsevier"), and to obtain equitable and other relief. The United States complains and alleges as follows:

I. Nature of the Action

1. On or about May 4, 2007, and amended on May 21, 2007, Pearson and Reed Elsevier signed a sale and purchase agreement for Pearson to acquire all of the outstanding voting securities of Harcourt, as well as additional Reed Elsevier assets, for approximately \$950 million in cash.

2. Pearson and Harcourt both develop, publish, market, sell, and distribute individually-administered standardized norm-referenced comprehensive clinical tests (hereafter "clinical tests"), including adaptive behavior and speech and language clinical tests. Pearson's proposed acquisition of Harcourt would combine the two largest publishers of such tests in the United States. Pearson also develops, publishes, markets, sells, and distributes market-leading adult abnormal personality clinical tests. Harcourt has invested substantial resources in the development of a new adult abnormal personality clinical test and plans to enter the market for such tests within the next year.

3. The markets for adaptive behavior, speech and language, and adult abnormal personality clinical tests are highly concentrated and there are high barriers to enter these markets. Pearson's proposed acquisition of Harcourt will eliminate competition between Pearson and Harcourt in these markets.

4. The United States brings this action to prevent Pearson's proposed acquisition of Harcourt because it would substantially lessen competition in the markets for adaptive behavior, speech and language, and adult abnormal personality clinical tests in violation of Section 7 of the Clayton Act, 15 U.S.C. 18.

II. Parties to the Proposed Acquisition

5. Pearson plc, a U.K. corporation with its headquarters in London, England, operates businesses in educational publishing, business information, and consumer publishing. Pearson Education Inc. (hereafter "Pearson Education"), a wholly-owned subsidiary of Pearson plc, is a Delaware corporation with its headquarters in Upper Saddle River, New Jersey. Pearson Education develops, markets, sells, and distributes clinical tests throughout the United States.

6. Reed Elsevier PLC; a U. K. corporation with its headquarters located in London, England, and Reed Elsevier NV, a Dutch corporation with
