

forth above is amended to read that the grants are for “* * * capital improvements, and related infrastructure improvements at qualified shipyards that will facilitate the efficiency, cost-effectiveness, and quality of domestic ship construction, ship conversion and/or ship repair for commercial and Federal Government use.” Item No. 4 is amended in pertinent part to request information concerning how the project “* * * will facilitate the efficiency, cost-effectiveness, and quality of domestic ship construction, ship conversion, and/or ship repair for commercial and Federal Government use.”

Because many small shipyards do not have audited financial statements, Item No. 7 is amended to add at the end the following sentence: “If audited financial statements are not available, compiled financial statements by an independent Certified Public Accountant should be submitted.”

All other terms, conditions and deadline dates remain as set forth in the January 10, 2008 **Federal Register** Notice.

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No. MARAD-2008-0007]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel HEAVEN CAN WAIT.

SUMMARY: As authorized by Public Law 105-383 and Public Law 107-295, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD-2008-0007 at <http://www.regulations.gov>. Interested parties may comment on the

effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with Public Law 105-383 and MARAD's regulations at 46 CFR part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

DATES: Submit comments on or before March 14, 2008.

ADDRESSES: Comments should refer to docket number MARAD-2008-0007. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://www.regulations.gov>.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA-2008-0026]

Reports, Forms, and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Request for public comment on proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections. This document describes one collection of information for which NHTSA intends to seek OMB approval.

DATES: Comments must be received on or before April 14, 2008.

ADDRESSES: You may submit comments [identified by DOT Docket No. NHTSA-2008-0026] by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- *Mail:* Docket Management Facility: U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.

- *Hand Delivery or Courier:* West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays. Telephone: 1-800-647-5527.

- *Fax:* 202-493-2251.

Instructions: All submissions must include the agency name and docket number for this proposed collection of information. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78) or you may visit <http://DocketInfo.dot.gov>.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> or the street address listed above. Follow the online instructions for accessing the dockets.

FOR FURTHER INFORMATION CONTACT: Complete copies of each request for collection of information may be obtained at no charge from Markus Price, NHTSA, 1200 New Jersey Avenue, SE., W43-472 NVS-121, Washington, DC 20590. Mr. Markus Price's telephone number is (202) 366-0098. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) how to enhance the quality, utility, and clarity of the information to be collected;

(iv) how to minimize the burden of the collection of information on those

who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collections of information:

Title: Compliance Labeling of Retroreflective Materials Heavy Trailer Conspicuity.

OMB Number: 2127-0569.

Type of Request: Extension of currently approved collection.

Affected Public: Business or other for profit organizations.

Abstract: Federal Motor Vehicle Safety Standard No. 108, "Lamps, Reflective Devices, and Associated Equipment," specifies requirements for vehicle lighting for the purposes of reducing traffic accidents and their tragic results by providing adequate roadway illumination, improved vehicle conspicuity, appropriate information transmission through signal lamps, in day, night, and other conditions of reduced visibility. For certifications and identification purposes, the Standard requires the permanent marking of the letters DOT-C2, DOT-C3, or DOT-C4 at least 3 mm high at regular intervals on retroreflective sheeting material having adequate performance to provide effective trailer conspicuity.

The manufacturers of new tractors and trailers are required to certify that their products are equipped with retroreflective material complying with the requirements of the standard. The Federal Highway Administration (FHWA) Office of Motor Carrier Safety enforces this and other standards through roadside inspections of trucks. There is no practical field test for the performance requirements, and labeling is the only objective way of distinguishing trailer conspicuity grade material from lower performance material. Without labeling, FHWA will not be able to enforce the performance requirements of the standard and the compliance testing of new tractors and trailers will be complicated. Labeling is also important to small trailer manufacturers because it may help them to certify compliance. Because wider stripes or material of lower brightness also can provide the minimum safety performance, the marking system serves the additional role of identifying the minimum stripe width required for retroreflective brightness of the particular material. Since the differences between the brightness grades of suitable retroreflective

conspicuity material is not obvious from inspection, the marking system is necessary for tractor and trailer manufacturers and repair shops to assure compliance and for FHWA to inspect tractors and trailers in use.

Permanent labeling is used to identify retroreflective material having the minimum properties required for effective conspicuity of trailers at night. The information enables the FHWA to make compliance inspections, and it aids tractor and trailer owners and repairs shops in choosing the correct repair materials for damaged tractors and trailers. It also aids smaller trailer manufacturers in certifying compliance of their products.

The FHWA will not be able to determine whether trailers are properly equipped during roadside inspections without labeling. The use of cheaper and more common reflective materials, which are ineffective for the application, would be expected in repairs without the labeling requirement.

Estimated Total Annual Burden: 1.

Estimated Number of Respondents: 6.

Issued: February 5, 2008.

Associate Administrator for Rulemaking.
