ACTION: Notice of change in public use.

SUMMARY: The Bureau of Reclamation Mid-Pacific Region, Central California Area Office will change public use of the Big Island area at Lake Berryessa, specifically the waterway between the Smittle Creek Day Use Area, the Oak Shores Day Use Area, and Big Island. SUPPLEMENTARY INFORMATION: This action is being taken under 43 CFR part 423 to protect safety and prevent additional resource degradation.

Reclamation will change public use of the Big Island Area, located within a special use area between Smittle Creek and Oak Shores Day Use Area. This change in use is consistent with the Record of Decision (ROD) for *Future Recreation Use and Operations of Lake Berryessa*, issued in June of 2006, section III. 6, *Land and Water Use Classification*. Presently, this area is a 5 mph boating zone and is used for swimming, boating, both motorized and non-motorized, fishing, and wildlife viewing. Reclamation will designate the change of use area by placing a series of signs on buoys identifying the non-gasoline motorized zone. The public will be notified of the changes through signage, newspaper press releases, and Web site postings.
