Mark Eyelet, Inc., Including On-Site Leased Workers of Jaci Carroll Staffing, Watertown, CT; Ozzi II, Inc., (DBA OC Eyelet), Including On-Site Leased Workers of Watertown, CT; Notice of Negative Determination on Reconsideration

On January 7, 2007, the Department issued an Affirmative Determination Regarding Application for

Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on January 16, 2008 (73 FR 2941).

The initial investigation resulted in a negative determination based on the finding that imports of eyelet parts and miniature stamping did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred.

The company official of the subject firm filed a request for reconsideration and provided a list of customers which allegedly are importing products.

On reconsideration the Department of Labor surveyed these declining customers regarding their purchases of like or directly competitive products

with eyelet parts and miniature stampings purchased from the subject firm in 2005, 2006, and during January through September 2007 over the corresponding 2006 period. The survey revealed that the customers did not import eyelet parts and miniature stampings during the relevant period.

The petitioner also stated that the subject firm did not shift production of eyelet parts and miniature stamping abroad, but the customers of the subject firm shifted production of automotive and electronic parts production to China, thus negatively impacting production at the subject firm.

The fact that subject firm's customers are shifting their production abroad is not relevant to this investigation. According to section (a)(2)(B) of the

Trade Act, in order to be eligible for TAA on the basis of a shift in production abroad, the shift in production must be implemented by the subject firm or its subdivision.

In this case, the subject firm did not import eyelet parts and miniature stampings nor was there a shift in production from subject firm abroad during the relevant period.

Conclusion

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Mark Eyelet, Inc., including on-site leased workers of Jaci Carroll Staffing Watertown, Connecticut (TA-W-62,184) and Ozzi II, Inc., (dba OC Eyelet), including on-site leased workers of Jaci Carroll Staffing, Watertown, Connecticut (TA-W-62,184A).

Signed at Washington, DC this 6th day of February, 2008.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

Chester Bednar Rental Realty, Washington, PA; Notice of Negative Determination on Reconsideration

On January 8, 2008, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The Department's Notice of determination was published in the **Federal Register** on January 16, 2008 (73 FR 2941).

The initial negative determination regarding eligibility to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA) applicable to workers and former workers of the subject firm was based on the Department's findings that the subject firm did not separate or threaten to separate from employment a significant number or proportion of workers as required by Section 222 of the Trade Act of 1974.

The request for reconsideration implied that the subject firm had separated more than three employees from employment.

During the reconsideration investigation, the Department requested that the company official provide documentation that the subject firm had separated or threaten to separate from employment a significant number or proportion of workers.

Based on the company official's response, the Department affirms that the subject firm did not separate or threaten to separate from employment a significant number or proportion of workers.

The Department finds that Section 222 of the Trade Act of 1974 was not satisfied and that the group eligibility criteria for TAA certification were not met.

In order for the Department to issue a certification of eligibility to apply for Alternative Trade Adjustment Assistance (ATAA), the subject worker group must be certified eligible to apply for Trade Adjustment Assistance (TAA). Since the subject workers are denied eligibility to apply for TAA, the workers cannot be certified eligible for ATAA.

Conclusion

After careful reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Chester Bednar Rental Realty, Washington, Pennsylvania.

Signed at Washington, DC this 6th day of February 2008.

Certifying Officer, Division of Trade Adjustment Assistance.
