Any interested person may file written comments with the committee by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

In the interest of security, NIH has instituted stringent procedures for entrance onto the NIH campus. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus. Visitors will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit.

Information is also available on the Institute's/Center's home page: <http://www4.od.nih.gov/oba/>, where an agenda and any additional information for the meeting will be posted when available.

OMB's "Mandatory Information Requirements for Federal Assistance Program Announcements" (45 FR 39592, June 11, 1980) requires a statement concerning the official government programs contained in the Catalog of Federal Domestic Assistance. Normally NIH lists in its announcements the number and title of affected individual programs for the guidance of the public. Because the guidance in this notice covers virtually every NIH and Federal research program in which DNA recombinant molecule techniques could be used, it has been determined not to be cost effective or in the public interest to attempt to list these programs. Such a list would likely require several additional pages. In addition, NIH could not be certain that every Federal

program would be included as many Federal agencies, as well as private organizations, both national and international, have elected to follow the NIH Guidelines. In lieu of the individual program listing, NIH invites readers to direct questions to the information address above about whether individual programs listed in the Catalog of Federal Domestic Assistance are affected.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Project: Access to Recovery (ATR) Program (OMB No. 0930–0266)—Revision

The Center for Substance Abuse Treatment (CSAT) is charged with implementing the Access to Recovery (ATR) program which will allow grantees (States, Territories, the District of Columbia and Tribal Organizations) a means to implement voucher programs for substance abuse clinical treatment and recovery support services. The ATR program is part of a Presidential initiative to: (1) Provide client choice among substance abuse clinical treatment and recovery support service providers, (2) expand access to a comprehensive array of clinical treatment and recovery support options (including faith-based programmatic options), and (3) increase substance

abuse treatment capacity. Monitoring outcomes, tracking costs, and preventing waste, fraud and abuse to ensure accountability and effectiveness in the use of Federal funds are also important elements of the ATR program. Grantees, as a contingency of their

award, are responsible for collecting data from their clients at intake, discharge, and follow-up (at six months post intake).

The primary purpose of this data collection activity is to meet the reporting requirements of the

Government Performance and Results Act (GPRA) by allowing SAMHSA to quantify the effects and accomplishments of SAMHSA programs. The following table is an estimated annual response burden for this effort.

ESTIMATES OF ANNUALIZED HOUR BURDEN ¹

Center/form/respondent type	Number of respondents	Responses per respondent	Total responses	Hours per response	Total hour burden	Added burden proportion ²	Total annual burden hours
CSAT GPRA Client Outcome Measures for Access to Recovery Programs							
Clients							
Adults	53,333	3	160,000	.33	52,800	.33	17,424
Client Subtotal	53,333		160,000				17,424
Data Extract ³							
Adult Records	53,333	3	160,000	.16	25,600	—	25,600
Data Extract Subtotal	53,333		160,000				25,600
Upload ⁴	24 grants		160,000	1 hr. per 6,000 records.	27	—	27
Upload Subtotal	24 grants		160,000				27
ATR Voucher Information and Voucher Transaction							
Voucher information and transaction ..	53,333	1.5	80,000	.03	2,400		2,400
Voucher information and transaction Subtotal.	53,333		80,000				2,400
Subtotal	160,000 ...		480,000				45,451
Total	160,000		480,000				45,451

¹ This table represents the maximum additional burden if adult respondents provide three sets of responses/data.

² Added burden proportion is an adjustment reflecting customary and usual business practices programs engage in (e.g., they already collect the data items).

³ Data Extract: Grant burden for capturing customary and usual data.

⁴ Upload: All ATR grants upload data.

Written comments and recommendations concerning the proposed information collection should be sent by March 14, 2008 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, respondents are encouraged to submit comments by fax to: 202-395-6974.

Dated: February 7, 2008.

Acting Director, Office of Program Services.
