

6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et. seq.* ("the Act"), Electronic Healthcare Network Accreditation Commission ("EHNAC") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing additions or changes to its standards development activities. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, EHNAC has expanded the scope of its standard setting activities in two new areas by initiating beta testing of two new accreditation programs *i.e.*, one accreditation program to assure compliance with the security and privacy controls and procedures of the Health Insurance Portability and Accountability Act (HIPAA) of 1996 for those entities that create, send and receive electronic transcription and coding information, which in many cases includes protected health information (PHI) under HIPAA; and the other accreditation program for Third Party Administrators and Medical Billers that electronically receive and process administrative and clinical data from providers, payers and employers regarding claims, eligibility and payment information, which data contains PHI and must comply with HIPAA regulations regarding privacy and security in addition to technical and infrastructure along with resource requirements.

On March 8, 2005, EHNAC filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on May 12, 2005 (70 FR 25110).

#### Notice Pursuant To The National Cooperative Research and Production Act of 1993—National Center For Manufacturing Sciences, Inc.

Notice is hereby given that, on November 14, 2007, pursuant to section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et. seq.* ("the Act"), National Center for Manufacturing

Sciences, Inc. ("NCMS") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, Anautics, Inc., Oklahoma City, OK; Aspire Solutions, Inc., Fayetteville, AR; Black & Rossi, LLC, The Woodlands, TX; Northern Illinois University, Naperville, IL and Toyota Motor Engineering & Manufacturing North America, Inc., Ann Arbor, MI have been added as parties to this venture. Also, City Machine Tool and Die Co., Inc., Muncie, IN; Indiana Business Modernization and Technology Corporation, Indianapolis, IN; Intrepid Solution, LLP, The Woodlands, TX; Kettering University, Flint, MI; Monode Marking Products, Inc., Mentor, OH; Software Productivity Consortium NFP, Inc., Herndon, VA; and Wisconsin Department of Development, Madison, WI have withdrawn as parties to this venture.

In addition, BiODE, Inc. has changed its name to Vectron International, Westbrook, ME and Cincinnati Lamb to Cincinnati Machine, LLC, Hebron, KY.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and NCMS intends to file additional written notification disclosing all changes in membership.

On February 20, 1987, NCMS filed its original notification pursuant to section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to section 6(b) of the Act on March 17, 1987 (52 FR 8375).

The last notification was filed with the Department of Justice on July 24, 2007. A notice was published in the **Federal Register** pursuant to section 6(b) of the Act on August 27, 2007 (72 FR 49017).

#### Notice Pursuant to the National Cooperative Research and Production Act of 1993—Technical Innovations Enabling a New Direct Wind Turbine Generator, ATP Award No. 70NANB7H7055

Notice is hereby given that, on October 19, 2007, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et. seq.* ("the Act"), Technical Innovations Enabling a New Direct Drive Wind Turbine Generator, ATP Award No. 70NANB7H7055 has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the identities of the parties are American Superconductor Corporation, Westborough, MA and TECO-Westinghouse Motor Company, Round Rock, TX. The nature and the objectives of the venture are: to open up the possibility of large direct-drive generators and, in particular, the realization of very large offshore wind turbines.

The activities of this venture project will be partially funded by an award from the Advanced Technology Program, National Institute of Standards and Technology, U.S. Department of Commerce.
