SUPPLEMENTARY INFORMATION: In the Final Rules Section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule which is located in the Rules Section of this **Federal Register**.

Approval and Promulgation of Implementation Plans for Air Quality Planning Purposes; Georgia: Early Progress Plan for the Atlanta 8-Hour Ozone Nonattainment Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: On December 31, 2006, the State of Georgia, through the Environmental Protection Division of the Georgia Department of Natural Resources, submitted a voluntary State Implementation Plan (SIP) revision requesting approval of an Early Progress Plan for the sole purpose of establishing motor vehicle emission budgets (MVEBs) for the Atlanta 8-hour ozone nonattainment area. The Atlanta 8-hour ozone nonattainment area is comprised of the following twenty counties: Barrow, Bartow, Carroll, Cherokee, Clayton, Cobb, Coweta, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Hall, Henry, Newton, Paulding, Rockdale, Spalding, and Walton counties in their entirety (hereafter referred to as the “Atlanta 8-Hour Ozone Area”). EPA is proposing to approve Atlanta's Early Progress Plan, including the new regional MVEBs for nitrogen oxides and volatile organic compounds for 2006. This proposed approval of the Early Progress Plan for the Atlanta 8-Hour Ozone Area is based on EPA's determination that Georgia has demonstrated that the SIP revision containing these MVEBs, when considered with the emissions from all sources, shows some progress toward attainment from the base year (i.e., 2002) through an interim target year (i.e., 2006). In the Final Rules Section of this **Federal Register**, EPA is approving the SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no significant, material, and adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Written comments must be received on or before March 21, 2008.
