Natural Resources Conservation Service

Notice of Proposed Change to Section IV of the North Carolina State Technical Guide

AGENCY: Natural Resources Conservation Service (NRCS), U.S. Department of Agriculture.

ACTION: Notice of availability of proposed changes in the North Carolina NRCS State Technical Guide for review and comment.

SUMMARY: It has been determined by the NRCS State Conservationist for North Carolina that changes must be made in the NRCS State Technical Guide specifically in practice standard #330, Contour Farming to account for improved technology. This practice can be used in systems that treat highly erodible land.

DATES: Comments will be received for a 30-day period commencing with this date of publication.

ADDRESSES: Address all requests and comments to Mary K. Combs, State Conservationist, Natural Resources Conservation Service (NRCS), 4405 Bland Rd., Ste. 205, Raleigh, NC 27609. Copies of this standard will be available online for viewing at ftp://ftp-fc.sc.egov.usda.gov/NC/NCweb/Technical/draft-standards/Draft_NC330ContourFarming.pdf. You may submit electronic requests and comments to evelyn.whitesides@nc.usda.gov.

FOR FURTHER INFORMATION, CONTACT: Mary K. Combs, State Conservationist, Natural Resources Conservation Service, 4405 Bland Rd., Ste. 205, Raleigh, NC 27609; 919-873-2101; 919-873-2156.

SUPPLEMENTARY INFORMATION: Section 343 of the Federal Agriculture Improvement and Reform Act of 1996 states that revisions made after enactment of the law to NRCS State technical guides used to carry out highly erodible land and wetland provisions of the law shall be made available for public review and comment. For the next 30 days the NRCS will receive comments relative to the proposed changes. Following that period a determination will be made by the NRCS regarding disposition of those

comments and a final determination of change will be made to the subject standard(s).

Dated: February 4, 2008.

Mary K. Combs,

State Conservationist.

Natural Resources Conservation Service

Notice of Proposed Change to Section IV of the Virginia State Technical Guide

AGENCY: Natural Resources Conservation Service (NRCS), U.S. Department of Agriculture.

ACTION: Notice of Availability of proposed changes in the Virginia NRCS State Technical Guide for review and comment.

SUMMARY: It has been determined by the NRCS State Conservationist for Virginia that changes must be made in the NRCS State Technical Guide specifically to add practice standard: #395, Stream Habitat Improvement and Management. This practice will be used to maintain, improve or restore stream habitat necessary for meeting the life history requirements of desired aquatic species.

DATES: Comments will be received for a 30-day period commencing with the date of this publication.

FOR FURTHER INFORMATION CONTACT: Inquire in writing to John A. Bricker, State Conservationist, Natural Resources Conservation Service (NRCS), 1606 Santa Rosa Road, Suite 209, Richmond, Virginia 23229-5014; Telephone number (804) 287-1691; Fax number (804) 287-1737. Copies of the practice standards will be made available upon written request to the address shown above or on the Virginia NRCS Web site: <http://www.va.nrcs.usda.gov/technical/draftstandards.html>.

SUPPLEMENTARY INFORMATION: Section 343 of the Federal Agriculture Improvement and Reform Act of 1996 states that revisions made after enactment of the law to NRCS State technical guides used to carry out highly erodible land and wetland provisions of the law shall be made available for public review and comment. For the next 30 days, the NRCS in Virginia will receive comments relative to the proposed changes. Following that period, a determination will be made by the NRCS in Virginia regarding disposition of those comments

and a final determination of change will be made to the subject standards.

Dated: February 13, 2008.

W. Ray Dorsett,

Acting State Conservationist, Natural Resources Conservation Service, Richmond, Virginia.

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Webber Pond Fish Passage, Webber Pond Watershed, Vassalboro, ME

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice of availability of Finding of No Significant Impact.

SUMMARY: The Natural Resources Conservation Service (NRCS) has prepared an Environmental assessment (EA) for the Webber Pond Fish Passage Project, Vassalboro, Maine. NRCS has found that the installation of an Alaska Steep Pass Fishway, American eel passage ladder and water control structure would not result in a significant impact on the quality of the human environment, particularly when focusing on the significant adverse effects that National Environmental Policy Act (NEPA) is intended to help decision makers avoid and mitigate. Therefore, NRCS has prepared a Finding of No Significant Impact (FONSI) in compliance with the (NEPA), as amended, and gives notice that an environmental impact statement is not being prepared.

FOR FURTHER INFORMATION CONTACT: Single copies of the EA and FONSI documents, may be obtained by contacting Amanda Burton, Soil Conservationist, USDA-NRCS, 21 Enterprise Drive, Suite 1, Augusta, ME 04330, (207) 622-7847 ext. 3. For additional information related to this notice, contact Dianne C. Guidry, Acting State Conservationist, Natural Resources Conservation Service, 967 Illinois Avenue, Suite 3, Bangor, Maine 04401-2700; telephone (207) 990-9100 ext. 3. **DATES:** Effective Date: Comments on the EA and FONSI must be received on or before the effective date on March 28, 2008.

SUPPLEMENTARY INFORMATION: The sponsoring local organization, Maine Department of Marine Resources (MDMR), concurs with this determination and agrees with carrying forward the proposed project. The
