BILLING CODE 4162-20-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice; 60-day notice and request for comments; this is an extension of a currently approved collection, OMB No. 1660-0104.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on this

information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning Severe Repetitive Loss Program (SRL) Appeals process as part of the administration of the SRL program.

SUPPLEMENTARY INFORMATION: To implement the Flood Insurance Act of 1968, 42 U.S.C. 4102a, as amended, FEMA has published an interim rule at 44 CFR 79.7(d) in the **Federal Register** on October 31, 2007 that outlines an appeals process by which any owner of a severe repetitive loss property may appeal the decision of FEMA to increase the chargeable insurance premium rate on property. The legislation that created the SRL program provides that any owner of a severe repetitive loss property who refuses an offer of mitigation may appeal the decision of FEMA to increase the chargeable insurance premium rate on that property. The process requires the owner to submit a written appeal, including any supporting documentation for their appeal to FEMA within 90 days of the notice of the insurance rate increase. This extension

of a currently approved collection of information is necessary to ensure that the property owner is given the opportunity to provide additional documentation that supports one of the six allowable bases for appeal, outlined in the authorizing legislation, and implemented at 44 CFR 79.7(d).

Collection of Information

Title: Severe Repetitive Loss (SRL) Appeals Process.

Type of Information Collection: Extension of a currently approved collection.

OMB Number: 1660-0104.

Form Numbers: None.

Abstract: The SRL program provides property owners with the ability to appeal an increase in their flood insurance premium rate if they refuse an offer of mitigation under this program. The property owner must submit information to FEMA to support their appeal.

Affected Public: Federal Government, and individuals or households.

Estimated Total Annual Burden Hours: 100.

ANNUAL BURDEN HOURS

Project/activity	Number of respondents (A)	Frequency of responses (B)	Number of responses (C)	Hours per burden response (AxB)	Total annual burden hours (AxBxC)
Appeal written request and supporting documentation	10	1	10	10	100
Total	10	10	10	100

Comments: Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments must be submitted on or before April 29, 2008.

ADDRESSES: Interested persons should submit written comments to Director, Records Management and Privacy, Office of Management Directorate,

Federal Emergency Management Agency, 500 C Street, SW., Room 609, Washington, DC 20472.

FOR FURTHER INFORMATION CONTACT: Cecelia Rosenberg, Branch Chief, Mitigation Directorate, (202) 646-3321 for additional information. You may contact the Records Management Branch for copies of the proposed collection of information at facsimile number (202) 646-3347 or e-mail address: *FEMA-Information-Collections@dhs.gov*.

Dated: February 19, 2008.

John A. Sharets-Sullivan,

Director, Records Management and Privacy, Office of Management Directorate, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9110-11-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice; 60-day notice and request for comments; Extension of a currently approved collection 1660-0025, Standard Forms: SF-LLL, SF-424, SF-270, FEMA Forms: 20-10, 20-15, 20-16A,B,C, 20-17, 20-18, 20-19, 20-20, and 76-10A.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a proposed continuing

information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the forms used to collect financial, programmatic and administrative information from States and local governments pertaining to grant and cooperative agreement.

SUPPLEMENTARY INFORMATION: This information is provided in accordance with the requirements in 44 CFR part 13, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Government (subpart B 13.10, and subpart C 13.32, 13.33, 13.40, 13.41, and subpart D 13.50). This is FEMA implementation of the Common Rule for grants.

Collection of Information

Title: FEMA Grant Administration Forms.

Type of Information Collection: Extension of a currently approved collection.

OMB Number: 1660-0025.

Form Numbers: SF-424, Application for Federal Assistance, FEMA Form 20-20, Budget Information, FEMA Form 20-15, Budget Information—Construction, FEMA Form 20-16, A, B, C, Summary Sheet for Assurances and Certifications, SF LLL, Disclosure of Lobbying Activities, FEMA Form 76-10A, Obligating Document for Award/Amendment, FEMA Form 20-10, Financial Status Report and Performance Reports, FEMA Form 20-17, Outlay Report and Request for Reimbursement for Construction Program, FEMA Form 20-18, Report of Government Property, FEMA Form 20-19, Reconciliation of Grants and Cooperative Agreements, and SF 270 Request for Advance or Reimbursement.

Abstract: This collection of information focuses on the standardization and consistent use of standard and FEMA forms associated with grantees requests for disaster and non-disaster Federal assistance, submission of financial and administrative reporting and record keeping. The use of the forms will minimize burden on the respondent and enable FEMA to continue to improve in its grants administration practices. The forms are used to administer the following FEMA grant programs.

National Urban Search and Rescue (US&R) Response System—To develop an immediately deployable, national response capability to locate and extricate, and medically stabilize victims of structural collapse during a disaster, while simultaneously enhancing the US&R response

capabilities of State and local governments.

Community Assistance Program-State Support Services Element (CAP-SSSE)—To ensure that communities participating in the National Flood Insurance Program (NFIP) are achieving flood loss reduction measures consistent with program direction. The CAP-SSSE is intended to identify, prevent and resolve floodplain management issues in participating communities before they develop into problems requiring enforcement action.

Chemical Stockpile Emergency Preparedness Program (CSEPP)—To enhance emergency preparedness capabilities of the States and local communities at each of the eight chemical agent stockpile storage facilities. The purpose of the program is to assist States and local communities in efforts to improve their capacity to plan for and respond to accidents associated with the storage and ultimate disposal of chemical warfare materials.

National Dam Safety Program (NDSP)—To encourage the establishment and maintenance of effective State programs intended to ensure dam safety, to protect human life and property, and to improve State dam safety programs.

Interoperable Communications Equipment (ICE)—To provide funding to jurisdictions across the nation for demonstration projects on uses of equipment and technologies to increase communications interoperability among the fire service, law enforcement, and emergency medical service communities. These projects will illustrate and encourage the acceptance of new technologies and operating methods to assist communities in achieving interoperability.

Earthquake Consortium (EqC)—To operate a program of grants and assistance to enable States to develop mitigation, preparedness and response plans prepare inventories and conduct seismic safety inspection of critical structures and lifelines, update building and zoning codes and ordinances to enhance seismic safety, increase earthquake awareness and education, and encourage the development of multi-State groups for such purposes.

Disaster Donations Management Program (AIDMATRRIX)—To distribute technology solutions to State and local government and voluntary agencies throughout the country prior, to a major event, through the Aidmatrix Foundation/FEMA partnership. This will allow end-users to incorporate technology solutions into their planning, increasing their capacity to

respond quickly and effectively once a disaster occurs.

Alternative Housing Pilot Program (AHPP)—Evaluate the efficacy of non-traditional short and intermediate-term housing alternatives for potential future use in a catastrophic disaster environment. Identify, develop and evaluate alternatives to and alternative forms of FEMA Disaster Housing to assist victims of the 2005 hurricanes in the Gulf Coast.

Cooperating Technical Partners (CTP)—To increase local involvement in, and ownership of, the development and maintenance of flood hazard maps produced for the National Flood Insurance Program (NFIP).

Map Modernization Management Support (MMMS)—To increase local involvement in, and ownership of, management of the development and maintenance of flood hazard maps produced for the National Flood Insurance

New Repetitive Flood Claims (RFC)—The Repetitive Flood Claims (RFC) Program was authorized in 2004 under Public Law 108-264, funds were not appropriated until FY 2006. The RFC program is authorized under the NFIA to award grants for actions that reduce flood damages to individual properties for which one or more claim payments for losses have been made. FEMA is not required to publish regulations; however, FEMA will provide notice to eligible applicants, post notice on OMB's Grants.gov Web site, and post the RFC program guidance on its Web site at <http://www.fema.gov>.

Flood Mitigation Assistance (FMA)—To assist States and communities in implementing measures to reduce or eliminate the long-term risk of flood damage to buildings, manufactured homes, and other structures insurable under the National Flood Insurance Program (NFIP).

Pre-Disaster Mitigation (PDM)—To provide States and communities with a much needed source of pre-disaster mitigation funding for cost-effective hazard mitigation activities that are part of a comprehensive mitigation program, and that reduce injuries, loss of life, and damage and destruction of property. Competitive grants are part of this program including grants to universities.

Assistance to Firefighters Grant (AFG)—To provide direct assistance, on a competitive basis, to fire departments of a State or tribal nation for the purpose of protecting the health and safety of the public and firefighting personnel against fire and fire-related hazards.

Staffing for Adequate Fire and Emergency Response (SAFER)—To

increase the number of firefighters in local communities and to help them meet industry minimum standards and attain 24/7 staffing for adequate protection against fire and fire-related hazards, and fulfill related roles associated with fire departments.

Disaster Programs

Public Assistance Grants (PA)—To provide supplemental assistance to States, local governments, and political subdivisions to the State, Indian Tribes, Alaskan Native Villages, and certain nonprofit organizations in alleviating suffering and hardship resulting from major disasters or emergencies declared by the President.

Crisis Counseling (SCC)—To provide immediate crisis counseling services,

when required, to victims of a major Federally-declared disaster for the purpose of relieving mental health problems caused or aggravated by a major disaster or its aftermath.

Presidential Declared Disaster Assistance to Individuals and Households—Other Needs (ONA)—To provide assistance to individuals and households affected by a disaster or emergency declared by the President, and enable them to address necessary expenses and serious needs, which cannot be met through other forms of disaster assistance or through other means such as insurance.

Hazard Mitigation Grant Program (HMGP)—To provide States and local governments' financial assistance to

implement measures that will permanently reduce or eliminate future damages and losses from natural hazards through safer building practices and improving existing structures and supporting infrastructure.

Fire Management Assistance Grant (FMAGP)—To provide grants to States, Indian tribal government and local governments for the mitigation, management and control of any fire burning on publicly (nonfederal) or privately owned forest or grassland that threatens such destruction as would constitute a major disaster.

Affected Public: State, local, and tribal government.

Total of Annual Responses and Burden Hours for Non-Disaster Programs				72,877	295,261
Total of Annual Responses and Burden Hours for Disaster and Non-Disaster Programs				359881	2150885

Estimated Cost: The annualized hour burden cost to respondents is estimated to be \$57,365,765. This estimate is based on the hourly wage rate for State Representative and Fire Department Chiefs completing and submitting the FEMA Grant Administration forms to FEMA for review and approval.

Comments: Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments must be submitted on or before April 29, 2008.

ADDRESSES: Interested persons should submit written comments to Office of Management, Records Management Division, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, Mail Drop Room 301, 1800 S. Bell Street, Arlington, VA 22202.

FOR FURTHER INFORMATION CONTACT: Contact Cecelia Rosenberg, Section Chief, Mitigation Directorate, (202) 646-3321 for additional information. You may contact the Records Management Branch for copies of the proposed collection of information at facsimile number (202) 646-3347 or e-mail address: FEMA-Information-Collections@dhs.gov.

Dated: February 13, 2008.

BILLING CODE 9110-49-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice; 60-day notice and request for comments; this is an extension of a currently approved collection, OMB No. 1660-0103.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on this information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the Property Acquisition and Relocation for Open Space process as part of the administration of FEMA's mitigation grant programs.

SUPPLEMENTARY INFORMATION: Rules implementing Property Acquisition and Relocation for Open Space as published at 44 CFR part 80 on October 31, 2007 in the **Federal Register** as an interim rule govern property acquisitions for the creation of open space under all of FEMA mitigation grant programs authorized under both the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended, 42 U.S.C.

5121-5206, and the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 *et seq.* Acquisition and relocation of property for open space use is one of the most common mitigation activities, and is an eligible activity type authorized for Federal grant funds under all of FEMA mitigation grant programs. FEMA mitigation grant programs require all properties acquired with FEMA funds to be deed restricted and maintained as open space in perpetuity. This ensures that no future risks from hazards occur to life or structures on that property, and no future disaster assistance or insurance payments are made as a result of damages to that property. This extension of a currently approved collection of information is necessary to establish uniform requirements for State and local implementation of acquisition activities, and to enforce open space maintenance and monitoring requirements for properties acquired with FEMA mitigation grant funds. The interim rule published on October 31, 2007 included a conforming amendment to the Hazard Mitigation Grant Program to refer to the new part 80 for acquisition and relocation activities, and removed 44 CFR 206.434(f), pertaining to the inapplicability of the Uniform Relocation Act.

Collection of Information

Title: Property Acquisition and Relocation for Open Space.

Type of Information Collection: Extension of a currently approved collection.

OMB Number: 1660-0103.

Form Numbers: None.

Abstract: FEMA and State and local recipients of FEMA mitigation grant programs will use the information collected to meet the Property Acquisition requirements to implement acquisition activities under the terms of grant agreements for acquisition and relocation activities. FEMA and State/
