Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice; 60-day notice and request for comments; this is an extension of a currently approved collection, OMB No. 1660-0103.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on this information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the Property Acquisition and Relocation for Open Space process as part of the administration of FEMA's mitigation grant programs.

SUPPLEMENTARY INFORMATION: Rules implementing Property Acquisition and Relocation for Open Space as published at 44 CFR part 80 on October 31, 2007 in the **Federal Register** as an interim rule govern property acquisitions for the creation of open space under all of FEMA mitigation grant programs authorized under both the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended, 42 U.S.C.

5121-5206, and the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 *et seq.* Acquisition and relocation of property for open space use is one of the most common mitigation activities, and is an eligible activity type authorized for Federal grant funds under all of FEMA mitigation grant programs. FEMA mitigation grant programs require all properties acquired with FEMA funds to be deed restricted and maintained as open space in perpetuity. This ensures that no future risks from hazards occur to life or structures on that property, and no future disaster assistance or insurance payments are made as a result of damages to that property. This extension of a currently approved collection of information is necessary to establish uniform requirements for State and local implementation of acquisition activities, and to enforce open space maintenance and monitoring requirements for properties acquired with FEMA mitigation grant funds. The interim rule published on October 31, 2007 included a conforming amendment to the Hazard Mitigation Grant Program to refer to the new part 80 for acquisition and relocation activities, and removed 44 CFR 206.434(f), pertaining to the inapplicability of the Uniform Relocation Act.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on a proposed revised information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning State Hazard Mitigation Plan requirements to support State administration of FEMA Mitigation grant programs.

SUPPLEMENTARY INFORMATION: On February 26, 2002, FEMA published an interim rule at 67 FR 884 implementing section 322 of the Robert T. The Stafford Act provides a framework for linking pre-and-post-disaster mitigation planning and initiatives with public and private interests to ensure an integrated, comprehensive approach to disaster loss reduction. Pursuant to 44 CFR part 201,

the mitigation planning requirements require State, local and Indian tribal governments to identify the natural hazards that impact them, to identify actions and activities to reduce any losses from hazards, and to establish a coordinated process to implement the plan, taking advantage of a wide-range of resources.
