

reinstate any fine waived by FICC management. If FICC management were not to waive the fine, the member could appeal the decision to a panel comprised of FICC officers ("Minor Rule Violation Panel").

B. Hearings for All Other Violations and Minor Rule Violation Appeals

For matters involving (1) an alleged violation of a GSD or MBSD rule for which a fine in an amount of over \$5,000 is assessed, (2) applicants for membership, (3) other disciplinary actions to which the Minor Rule Violation Plan would not apply, or (4) for appeals from a Minor Rule Violation Panel decision adverse to a member or applicant, the member or applicant is entitled to a hearing before a panel comprised of three individuals of the FICC Board of Directors or their designees appointed by the Chairman of the FICC Board. Decisions of the panel are final; however, the full Board of Directors retains the right to modify any sanction or reverse any decision of the panel that is adverse to the member or applicant.

Currently with respect to hearings, a member or applicant is afforded the opportunity to be heard and may be represented by counsel if desired. A record is kept of the hearing, and at the discretion of the panel, the associated cost may be charged in whole or part to the member or applicant in the event that the decision is adverse to the member or applicant. The member or applicant is advised of the panel's decision within ten business days after the conclusion of the hearing. These procedures would also apply with respect to the Minor Rule Violation Plan.

C. Administrative Changes: Uniformity of Time Frames

The rule changes will implement uniform time periods for the Divisions and among FICC, DTC, and NSCC governing actions a member or applicant would be required to take in order to request a hearing.⁸ Currently, the deadlines a member or applicant must adhere to in order to request a hearing vary between the Divisions. Under the rule change, a member or applicant has five business days, or two business days in the case of a summary action taken against the member or

applicant pursuant to Rule 21 or 22,⁹ from the date on which FICC first informs it of a sanction or a denial of membership in which to request a hearing.

Within seven business days, or three business days in the case of a summary action taken against the member or applicant, after filing a request for a hearing with FICC, the member or applicant is required to submit to FICC a clear and concise written statement setting forth the action or proposed action of FICC with respect to which the hearing is requested, the basis for objection to such action, whether the member or applicant intends to attend the hearing, and whether the member or applicant chooses to be represented by counsel at the hearing.

III. Discussion

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a registered clearing agency. In particular, the Commission believes the proposal is consistent with the requirements of Section 17A(b)(3)(F),¹⁰ which, among other things, requires that the rules of a clearing agency are designed to remove impediments to and perfect the mechanisms of a national system for the prompt and accurate clearance and settlement of securities transactions and with the requirements of Section 17A(b)(3)(H)¹¹ which, among other things, requires that the rules of a clearing agency provide a fair procedure with respect to the disciplining of participants and the denial of participation to any person seeking to be a participant. The Commission finds that the proposed rule change, which harmonizes FICC's hearing procedure rules with those of DTC and NSCC and which adopts a Minor Rule Violation Plan, is consistent with those statutory obligations.

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and in particular with the requirements of Section 17A of the Act¹² and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹³ that the proposed rule change (File No. SR-FICC-2007-06) be, and hereby is, approved.¹⁴

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,¹⁵ in general, and furthers the objectives of Section 6(b)(4),¹⁶ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change establishes or changes a due, fee, or other charge imposed by the Exchange, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and Rule 19b-4(f)(2)¹⁸ thereunder. SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-57398; File No. SR-ISE-2007-112]

Self-Regulatory Organizations; International Securities Exchange, LLC; Order Granting Approval of a Proposed Rule Change as Modified by Amendment No. 1 Thereto Relating to Obvious Errors

February 28, 2008.

On November 29, 2007, the International Securities Exchange, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend ISE Rule 720 ("Obvious Error Rule" or "Rule") to address "catastrophic errors." On January 4, 2008, the ISE submitted Amendment No. 1 to the proposed rule change. The proposed rule change, as amended, was published for comment in the **Federal**

Register on January 16, 2008.³ The Commission received no comment letters on the proposal. This order approves the proposed rule change, as amended.

The Exchange proposes to amend the Obvious Error Rule to add criteria for identifying catastrophic errors and making adjustments when they occur. The Exchange also proposes to streamline the procedure for reviewing actions taken when catastrophic errors occur.

Currently, under the Obvious Error Rule, trades that result from an obvious error may be adjusted or nullified based on objective standards set forth in the Rule. Under the Rule, whether an obvious error has occurred is determined by comparing the execution price of the option to its theoretical price and assessing whether the minimum amount of difference that is set forth in the Rule is met. The Rule requires that members notify ISE Market Control within a short time period following the execution of a trade (five minutes for market makers and 20 minutes for Electronic Access Members ("EAMs")) if they believe the trade qualifies as an obvious error. Trades that qualify for adjustment are adjusted under the Rule to a price that matches the theoretical price plus or minus an adjustment value, which is \$.15 if the theoretical value is under \$3 and \$.30 if the theoretical value is at or above \$3. By adjusting trades above or below the theoretical price, the Rule assesses a "penalty" in that the adjustment price is not as favorable as the amount the party making the error would have received had it not made the error.

In some extreme situations, ISE members may not be aware of errors that result in very large losses within the notification time periods required under the Rule. The proposal will allow members experiencing catastrophic errors additional time to seek relief so that there is a greater opportunity to mitigate very large losses and reduce corresponding windfalls. In such cases, the proposal sets forth the minimum amount by which the option's execution price must differ from the theoretical price for a catastrophic error determination to occur. The proposal also sets forth the adjustment value to be used by the Exchange when it makes a catastrophic error determination.

A catastrophic error will be deemed to have occurred when the execution price of a transaction differs from the theoretical price for the option by an amount equal to at least the specified
