

comparison charges occurring as part of a dividend, merger, or short stock interest strategy.¹⁰

In addition, the Exchange assesses a license fee of \$0.05 per contract side for dividend and short stock interest strategies in connection with certain products that carry license fees, if applicable.¹¹ The applicable license fee is assessed on every transaction and is not subject to the \$1,000 or \$25,000 fee caps described above, nor does it count towards reaching the \$1,000 or \$25,000 fee caps.

The purpose of extending the pilot program for the fee caps on equity option transaction and comparison charges on dividend, merger and short stock interest strategies and the \$0.05 per contract fee imposed on dividend and short stock interest strategies until March 1, 2009 is to continue to attract additional liquidity to the Exchange and to remain competitive with other options exchanges in connection with these types of options strategies. In addition, the purpose of extending the pilot is to recoup the license fees owed in connection with the trading of products that carry license fees. Even with the assessment of the \$0.05 license fee per contract side, the fee caps and rebates should continue to encourage specialists and ROTs to provide liquidity for these types of options strategies.

This proposal is scheduled to continue the fee for trades settling on or after March 1, 2008 and will remain in effect as a pilot program until March 1, 2009.

2. Statutory Basis

The Exchange believes that its proposal to amend its schedule of fees is consistent with Section 6(b) of the Act,¹² in general, and furthers the objectives of Section 6(b)(4) of the Act,¹³ in particular, in that it is an equitable allocation of reasonable fees, and other charges among Exchange members. The Exchange believes that the proposed extension of the current fee caps is beneficial to its members by providing additional trading opportunities at an efficient cost. Additionally, the proposal allows the Exchange to recoup the license fees owed in connection with

the trading of products that carry license fees.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁴ and subparagraph (f)(2) of Rule 19b-4 thereunder,¹⁵ since it establishes or changes a due, fee or other charge imposed by the Exchange. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.
