Food and Nutrition Service

Title: WIC Local Agency Directory.

OMB Control Number: 0584-0431.

Summary of Collection: The

Supplemental Nutrition Program for Women, Infants, and Children (WIC) is authorized by Section 17 of the Child Nutrition Act (CNA) of 1966 (42 U.S.C. 1786), as amended. The Food and Nutrition Service (FNS) of USDA administers the WIC Program by awarding cash grants to State agencies (generally State health departments). The State agencies award subgrants to local agencies (generally local health departments and nonprofit organizations) to deliver program benefits and services to eligible participants. Local agencies authorized to furnish WIC participants with supplemental foods, nutrition education, breastfeeding promotion and support activities and referral to related health services are subject to change. New local agencies may be selected to operate the WIC Program and local agencies already in operation may be disqualified for continued operation. FNS will collect information using form FNS-648 to report additions and deletions of local agencies operating the WIC program and local agency address changes, when such changes occur.

Need and Use of the Information: The FNS will collect information to maintain a local agency directory that lists the names and addresses of all WIC local agencies. The WIC local agency directory serves as the primary source of data on the number and location of local agencies and is published annually. It is used to refer individuals to the nearest source of WIC Program services and to maintain continuity of program services to migrant and other transient participants.
