ecosystem if the pumping station is built and operated;

(5) Additional information on municipal and other water supplies in the Yazoo River Basin and how the quantity and quality of those water supplies could be affected by the operation of the proposed pumping station;

(6) The potential for impacts to wetlands and their associated functions in the Yazoo River Basin if the pumping station is built and operated;

(7) Information about recreational uses of the area and how they would be impacted if the pumping station is built and operated;

(8) Additional information on the availability of less environmentally damaging practicable alternatives to satisfy flooding issues, taking into account cost, technology, and logistics and including other nonstructural alternatives;

(9) Information on the potential for mitigation to replace the functions and services provided by the 67,000 acres of wetlands that are, at a minimum, at risk in the Yazoo Backwater Area;

(10) Whether the discharge should be permanently prohibited, allowed as proposed by the Corps, or restricted in time, size or other manner; and

(11) Potential impacts and benefits of alternatives, both structural and nonstructural.

The record will remain open for comments until May 5, 2008. All comments will be fully considered in reaching a decision to either withdraw the proposed determination or forward to EPA Headquarters a recommended determination to prohibit or restrict the discharge of dredged or fill material in wetlands and other waters in the Yazoo Backwater Area in connection with the construction of the Yazoo Backwater Area Project's pumping station or any other pumping proposal in the Yazoo Backwater Area that would involve significant adverse impacts on waters of the United States.
