Decommissioning Planning; Extension of Comment Period

AGENCY: Nuclear Regulatory Commission.

ACTION: Proposed rule: Extension of comment period.

SUMMARY: On January 22, 2008 (73 FR 3812), the Nuclear Regulatory Commission (NRC) published for public comment a proposed rule on Decommissioning Planning. The public comment period for this proposed rule was to have expired on April 7, 2008. The Nuclear Energy Institute (NEI) and several other stakeholders have requested an extension of 90 days. After due consideration of the requests and considering the staff's previous efforts at public outreach during this rulemaking, the NRC has decided to extend the comment period by 30 days, until May 8, 2008. In a letter dated February 29, 2008, NEI requested the additional time to provide review of the legacy site issues raised in the proposed rule, and to provide input to the NRC staff regarding the specific proposed rule text, potential unintended consequences of the rulemaking, and draft regulatory guidance released with the proposed rule.

DATES: The comment period has been extended and now expires on May 8, 2008. Comments received after this date will be considered if it is practical to do so, but the NRC is able to assure consideration only for comments received on or before this date.
