

partnerships between Federal departments and nonprofit or educational institutions. This program continues to improve opportunities for college students to prepare for their transition to the workplace and foster human resource diversity at DOC. In order to provide the program with the necessary time to review and develop its revised program for new awards, this notice amends DOC's prior **Federal Register** notice dated November 23, 2004 (69 FR 68125) to allow for an additional four-month period of funding, on a non-competitive basis, to current PIP recipients who will be completing the third year of partnership with DOC on May 31, 2008. The following recipients whose award period is scheduled to end on May 31, 2008, are affected by this notice and will be eligible for an additional four-month period of funding, on a non-competitive basis, through September 30, 2008: American Indian Science and Engineering Society, Hispanic Association of Colleges and Universities National Intern Program, Minority Access, Inc., Oak Ridge Associated Universities, and The Washington Center for Internships and Academic Seminars.

The award period and related funding, if approved by the DOC Grants Officer, will commence on June 1, 2008, and will continue through September 30, 2008. The additional period of funding will permit student participation in the PIP through the 2008 summer session of the program (June through August), which coincides with the academic year.

Funding for the additional period of time will be at the sole discretion of the DOC using the evaluation criteria and process used to determine the continuation of funding during the original award period (March 1, 2005–May 31, 2008). In making such determinations, the following factors will be considered: (1) Satisfactory performance by the recipients; (2) the availability of appropriated funds; and (3) DOC priorities that support the continuation of the project. DOC has no obligation to provide any additional future funding in connection with this award. Renewal of an award to increase funding or extend the period of performance is at the total discretion of DOC. The OHRM is currently reviewing the program to ensure it meets workforce planning needs. The additional period of funding, as announced in this notice, will allow OHRM the necessary time to review and develop its revised program so that a competition can be held for new awards, which will permit student

participation in the PIP commencing with the fall session of 2008.
