

information must include an indication of the age group for which the program is intended.

These requirements are intended to provide greater clarity about broadcasters' obligations under the Children's Television Act (CTA) of 1990 to air programming "specifically designed" to serve the educational and informational needs of children and to improve public access to information about the availability of these programs. These requirements provide better information to the public about the shows broadcasters air to satisfy their obligation to provide educational and informational programming under the Children's Television Act.

OMB Control Number: 3060-0920.

Title: Application for Construction Permit for a Low Power FM Broadcast Station.

Form Number: FCC Form 318.

Type of Review: Revision of a currently approved collection.

Respondents: Not-for-profit institutions; State, local or tribal government.

Number of Respondents and Responses: 16,659 respondents, 23,302 responses.

Frequency of Response: Recordkeeping requirement; On occasion reporting requirement; Third party disclosure requirement.

Obligation To Respond: Required to obtain benefits—Statutory authority for this collection of information is contained in Sections 154(i), 303, 308 and 325(a) of the Communications Act of 1934, as amended.

Estimated Time per Response: 15 minutes to 12 hours.

Total Annual Burden: 34,276 hours.

Total Annual Costs: \$35,850.

Confidentiality: No need for confidentiality required.

Privacy Impact Assessment: No impact(s).

Needs and Uses: On December 11, 2007, the FCC released a Third Report and Order and Second Further Notice of Proposed Rulemaking ("Third Report and Order") MM Docket No. 99-25, FCC 07-204. In the Third Report and Order, the FCC extended the local standards for rural markets. Under the old Rules, an LPFM applicant was deemed local if it was physically headquartered or had a campus within ten miles of the proposed LPFM transmitter site, or if 75 percent of its board members resided within ten miles of the proposed LPFM transmitter site. The Third Report and Order modified the ten-mile requirement to twenty miles for all LPFM applicants for proposed facilities in other than the top fifty urban markets, for both the distance from

transmitter and residence of board member standards. We have revised the Form 318 to reflect this extension of local standards for rural markets. While the overall number of respondents increases because the Rule change expands the universe of eligible applicants, there are no new information collection requirements with respect to completion of the Form 318.

In the Third Report and Order, the Commission also delegated to the Media Bureau the authority to consider Section 73.807 waiver requests from certain LPFM stations. When implementation of a full-service station community of license modification would result in an increase in interference caused to the LPFM station or its displacement, the LPFM station may seek a second-adjacent channel short spacing waiver in connection with an application proposing operations on a new channel. Such waiver requests would be filed on a Form 318.

The Third Report and Order also allows LPFM stations to file waiver requests of Section 73.809 of the Rules if: (1) It is at risk of displacement by an encroaching full-service station modification application and no alternative channel is available, and (2) it can demonstrate that it has regularly provided at least eight hours per day of locally originated programming. LPFM stations that wish to make a showing under this waiver standard must file an informal objection to the "encroaching" community of license modification application.

FCC Form 318 is required: (1) To apply for a construction permit for a new Low Power FM (LPFM) station; (2) to make changes in the existing facilities of such a station; or (3) to amend a pending FCC Form 318 application.

Federal Communications Commission.
