

To address this healthcare crisis in a timely manner, eligibility for the cooperative agreement is limited to ASAM to establish a national mentoring network and to carry out the dissemination of information and education as it relates to methadone use in the treatment of opioid addiction and chronic pain. ASAM presently provides a parallel service under a SAMHSA cooperative agreement to operate a Physician Clinical Support System (PCSS) to assist physicians with issues related to office-based treatment of opioid dependence with buprenorphine. As a result, ASAM is in the unique position to have the infrastructure and capacity in place to expeditiously meet the specific and unique needs outlined in this announcement. In addition, ASAM has demonstrated in the past (through the PCSS project) the capability to implement and achieve the goals of this program.
