

preliminary and final U.S. retail sales. The Monthly Retail Trade sample is updated on an ongoing basis to account for new retail employer businesses (including those selling via the Internet), business deaths, and other changes to the retail business universe. Research was conducted to ensure that retail firms selected in the Monthly Retail Trade Survey sample and engaged in e-commerce are representative of the universe of e-commerce retailers. Total e-commerce sales for 2007 were estimated at \$136 billion.

Census publish retail sales and inventories estimates based on the North American Industry Classification System (NAICS), which has been widely adopted throughout both the public and private sectors.

The BEA is the primary Federal user of data collected in the Monthly Retail Trade Survey. BEA uses the information in its preparation of the National Income and Products Accounts, and its benchmark and annual input-output tables. Statistics provided from retail sales and inventories estimates are used in the calculation of the GDP. If the survey were not conducted, BEA would lack comprehensive data from the retail sector. This would adversely affect the reliability of the National Income and Products Accounts and the GDP.

The Bureau of Labor Statistics (BLS) uses the data as input to their Producer Price Indexes and in developing productivity measurements. The data are also used for gauging current economic trends of the economy. Private businesses use the retail sales and inventories data to compute business activity indexes. The private sector also uses retail sales as a reliable indicator of consumer activity.

FOR FURTHER INFORMATION CONTACT: Henry Almond, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0049.

SUPPLEMENTARY INFORMATION:

Background

On July 3, 2007, the Department of Commerce (the Department) published a notice in the *Federal Register* of opportunity to request administrative review of the antidumping duty order on stainless steel sheet and strip in coils from Taiwan. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 72 FR 36420 (July 3, 2007). On July 31, 2007, in accordance with 19 CFR 351.213(b)(1), the petitioners¹ requested an administrative review with respect to 15 producers/exporters of subject merchandise. The Department received no other requests for review.

On August 24, 2007, the Department published a notice of initiation of administrative review of the antidumping duty order on stainless steel sheet and strip in coils from Taiwan. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in*

Part, 72 FR 48613 (Aug. 24, 2007). The period of review is July 1, 2006, through June 30, 2007, and the review covers 15 producers/exporters of the subject merchandise to the United States. The preliminary results are currently due no later than April 1, 2008.

Partial Rescission of Review

On October 11, 2007, the petitioners withdrew their request for administrative review with respect to each of the following companies within the time limits set forth in 19 CFR 351.213(d)(1): 1) China Steel Corporation; 2) Tang Eng Iron Works; 3) PFP Taiwan Co., Ltd.; 4) Yieh Loong Enterprise Co., Ltd. (also known as Chung Hung Steel Co., Ltd.); 5) Yieh Trading Corp.; 6) Goang Jau Shing Enterprise Co., Ltd.; 7) Yieh Mau Corp.; 8) Chien Shing Stainless Co.; 9) Chain Chon Industrial Co., Ltd.; 10) Emerdex Stainless Flat-Rolled Products, Inc.; 11) Emerdex Stainless Steel, Inc.; and 12) Emerdex Group (and its various affiliates). Section 351.213(d)(1) of the Department's regulations requires that the Secretary rescind an administrative review if a party requesting a review withdraws the request within 90 days of the date of publication of the notice of initiation. Therefore, in accordance with 19 CFR 351.213(d)(1), because the request for administrative review with respect to the companies listed above was timely withdrawn, we are rescinding this review with regard to those companies.

Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(3)(A) of Tariff Act of 1930, as amended (the Act), the Department shall make a preliminary determination in an administrative review of an antidumping order within 245 days after the last day of the anniversary month of the date of publication of the order. Section 751(a)(3)(A) of the Act further provides, however, that the Department may extend the 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period. We determine that it is not practicable to complete this administrative review within the time limits mandated by section 751(a)(3)(A) of the Act because we require additional time to analyze the data submitted by the companies participating in this review and issue supplemental questionnaires to them. Therefore, we have fully extended the deadline for completing the preliminary results until July 30, 2008, which is 365 days from the last day of the anniversary month of the date of publication of the order. The

deadline for the final results of the review continues to be 120 days after the publication of the preliminary results.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: March 21, 2008.

[Docket No. 080321457-8458-01]

Revision to the 2008 Dr. Nancy Foster Scholarship Program

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: NOAA publishes this notice to amend the application requirements for the 2008 Dr. Nancy Foster Scholarship program, which was announced in the **Federal Register** on July 2, 2007. The notice informs applicants that NOAA removes the requirement that a copy of the Free Application for Federal Student Aid (FAFSA) form be submitted as part of the applications for the 2008 Dr. Nancy Foster Scholarship program.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Priti Brahma, 301-713-9437 or priti.brahma@noaa.gov.

SUPPLEMENTARY INFORMATION: NOAA publishes this notice to remove the requirement that a copy of the Free Application for Federal Student Aid (FAFSA) form be submitted as part of the applications for the 2008 Dr. Nancy Foster Scholarship program, which was announced in the **Federal Register** on July 2, 2007 (72 FR 36263). The requirement for this form is contained in the Announcement of Federal Funding Opportunity (NOS-NMS-2008-2001067), Section IV.B.5 posted to <http://www.grants.gov> and referenced in the **Federal Register** notice cited above. The requirement stated that failure to provide the form would disqualify the application from consideration. However, NOAA has determined that the Student Aid Report, a document which is also a required submission, contains the information necessary to allow a determination of the student's

financial need, and that the FAFSA is not necessary. Therefore, those applications that failed to include the FAFSA will not be disqualified from the competition. All other requirements for the program as previously stated remain the same.

Limitation of Liability

In no event will NOAA or the Department of Commerce be responsible for proposal preparation costs if this program is cancelled because of other agency priorities. Publication of this announcement does not oblige NOAA to award any specific project or to obligate any available funds. Applicants are hereby given notice that funding for the Fiscal Year 2008 program is contingent upon the availability of Fiscal Year 2008 appropriations.

Universal Identifier

Applicants should be aware they are required to provide a Dun and Bradstreet Data Universal Numbering System (DUNS) number during the application process. See the October 30, 2002, **Federal Register**, (67 FR 66177) for additional information. Organizations can receive a DUNS number at no cost by calling the dedicated toll-free DUNS Number request line at 1-866-705-5711 or via the Internet at <http://www.dunandbradstreet.com>.

National Environmental Policy Act (NEPA)

NOAA must analyze the potential environmental impacts, as required by the National Environmental Policy Act (NEPA), for applicant projects or proposals which are seeking NOAA federal funding opportunities. Detailed information on NOAA compliance with NEPA can be found at the following NOAA NEPA Web site: <http://www.nepa.noaa.gov/>, including our NOAA Administrative Order 216-6 for NEPA, http://www.nepa.noaa.gov/NAO216_6_TOC.pdf, and the Council on Environmental Quality implementation regulations, http://ceq.eh.doe.gov/nepa/regs/ceq/toc_ceq.htm. Consequently, as part of an applicant's package, and under their description of their program activities, applicants are required to provide detailed information on the activities to be conducted, locations, sites, species and habitat to be affected, possible construction activities, and any environmental concerns that may exist (e.g., the use and disposal of hazardous or toxic chemicals, introduction of non-indigenous species, impacts to endangered and threatened species, aquaculture projects, and impacts to

coral reef systems). In addition to providing specific information that will serve as the basis for any required impact analyses, applicants may also be requested to assist NOAA in drafting of an environmental assessment, if NOAA determines an assessment is required. Applicants will also be required to cooperate with NOAA in identifying feasible measures to reduce or avoid any identified adverse environmental impacts of their proposal. The failure to do so shall be grounds for not selecting an application. In some cases if additional information is required after an application is selected, funds can be withheld by the Grants Officer under a special award condition requiring the recipient to submit additional environmental compliance information sufficient to enable NOAA to make an assessment on any impacts that a project may have on the environment.

The Department of Commerce Preaward Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of October 1, 2001 (66 FR 49917), as amended by the **Federal Register** notice published on October 30, 2002 (67 FR 66109), are applicable to this solicitation.
