Notice of Intent To Prepare a Resource Management Plan for the Four Rivers Field Office (Idaho) and Associated Environmental Impact Statement

AGENCY: Bureau of Land Management, Department of the Interior.

ACTION: Notice of intent.

SUMMARY: Pursuant to Section 202 of the Federal Land Policy and Management Act of 1976 (FLPMA) and Section 102 (2)(C) of the National Environmental Policy Act of 1969 (NEPA), the Bureau of Land Management (BLM) Four Rivers Field Office (FRFO), Boise, Idaho intends to prepare a RMP with an associated EIS for the Four Rivers Planning Area. Publication of this notice also initiates a public scoping period to extend until 15 days after the last public scoping meeting. RMPs are the basic land use documents used by the BLM that guide land use decisions and management actions on public lands. RMP level decisions establish goals and objectives (i.e. desired future conditions), the measures needed to achieve those goals and objectives and the parameters for resource use on BLM lands. This RMP will replace the 1988 Cascade RMP and portions of the 1983 Kuna Management Framework Plan (MFP) and the 1987 Jarbidge RMP. The Snake River Birds of Prey National Conservation Area (NCA), located in the FRFO, is being addressed in a separate, comprehensive RMP currently available as a Final EIS.

DATES: The BLM will announce public scoping meetings pursuant to 43 CFR 1610.2 (BLM Planning Regulations) and 40 CFR 1501.7 (NEPA Regulations) to identify relevant issues. Meetings will be announced through local news

media, newsletters and the Idaho BLM Web site (listed below) at least 15 days prior to the first meeting once specific dates and locations are finalized. Throughout the planning process, the public will be given opportunities to participate through workshops and open house meetings. Workshops will provide the public an opportunity to work with BLM in (1) identifying the full range of issues to be addressed in the RMP/EIS and (2) developing the alternatives to be analyzed in the EIS. BLM will also provide an opportunity for public review upon publication of the Draft RMP/EIS.

All submissions from organizations or businesses and individuals identifying themselves as representatives of organizations or businesses will be made available for public inspection in their entirety. SUPPLEMENTARY INFORMATION: The planning area is located in southwestern Idaho's Ada, Adams, Boise, Canyon, Elmore, Gem, Payette, Valley and Washington counties, encompassing approximately 783,000 public land acres administered by the BLM. The planning area includes all of the FRFO located outside the Snake River Birds of Prey National Conservation Area (NCA), and encompasses an area extending north of the Snake River from approximately Glens Ferry in the
