

southeast, west to Weiser, and north to McCall. Much of the planning area is comprised of interspersed sections of public, private, State or Forest Service lands. While the FRFO includes the approximately one half million acre NCA, along about 81 miles of the Snake River, the NCA is managed under its own comprehensive RMP. The Four Rivers RMP will fulfill the needs and obligations set forth by the National Environmental Policy Act (NEPA), the Federal Land Policy and Management Act (FLPMA) and BLM management policies. The BLM will work collaboratively with interested parties to identify the management decisions best suited to local, regional and national needs and concerns.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis and EIS alternatives. These issues also guide the planning process. You may submit comments on issues and planning criteria, in writing, to the BLM at any public scoping meeting or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. To be most helpful, you should submit formal scoping comments within 15 days after the last public meeting.

Preliminary issues and management concerns have been identified by BLM personnel, other agencies, and individuals and user groups. They represent BLM's knowledge to date regarding existing issues and concerns with current land management. The preliminary issues that will be addressed in this planning effort include: land tenure adjustments, lands and realty management, special status species management, recreation management, public access and transportation, livestock grazing management, wild and scenic river evaluations, riparian-wetland management, upland vegetation management, noxious weed management, wildfire management, social and economic sustainability of local communities, and mineral and energy exploration and development.

In addition, the BLM also requests public input for nominations considered worthy of Area of Critical Environmental Concern (ACEC) designation. To be considered as a potential ACEC, an area must meet the criteria of relevance and importance as established and defined at 43 CFR 1610.72. There are nine ACECs and six ACEC/Research Natural Areas within the Four Rivers Planning Area. All ACEC nominations within the planning area will be evaluated during RMP

development. After gathering public comments on which issues the plan should address, the suggested issues will be evaluated for their applicability to the planning process and categorized into one of following categories:

1. Issues to be resolved in the plan;
2. Issues to be resolved through policy or administrative action; or
3. Issues beyond the scope of this plan.

This evaluation and categorization will be described in the plan with associated rationale. In addition to the issues to be resolved in the plan, a number of management questions and concerns will also be addressed. The public is encouraged to help identify these questions and concerns during the scoping period.

The BLM will use an interdisciplinary approach to develop the plan. In order to consider the variety of resource issues and concerns identified, specialists with expertise in the disciplines corresponding to the issues listed above will be represented and utilized in the planning process.

### Bureau of Land Management

[WY-020-08-1220-DA]

#### **Notice of Intent To Name a Geographic Location the Craig Thomas Little Mountain Special Management Area, Big Horn County, WY**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of intent.

**SUMMARY:** The Bureau of Land Management (BLM) announces its intent to name an area of the public lands administered by the Cody Field Office. These lands include the Little Mountain Area of Critical Environmental Concern (ACEC), a portion of the West Slope Special Recreation Management Area (SRMA), and recently acquired lands near Little Mountain. In recognition of the late United States Senator Craig Thomas' support and assistance in furthering public land management in the area administered by the BLM Cody Field Office, this notice announces that those public lands collectively will be known as the "Craig Thomas Little Mountain Special Management Area".

**DATES:** This naming will be in effect the date this notice appears in the **Federal Register**.

**ADDRESSES:** Additional information regarding the naming and the public lands affected by it may be obtained by written request to the BLM Cody Field Office, P.O. Box 518, Cody, Wyoming 82414; or by visiting the BLM Cody Field Office, 1002 Blackburn Avenue, Cody, Wyoming, during its business hours (7:45 a.m. to 4:30 p.m., Monday through Friday, except holidays).

**FOR FURTHER INFORMATION CONTACT:** Mike Stewart, Field Manager, BLM, Cody Field Office, P.O. Box 518, 1002 Blackburn Avenue, Cody, Wyoming 82414. Mr. Stewart may also be contacted by telephone at (307) 578-5900.

**SUPPLEMENTARY INFORMATION:** In June 2003, the BLM acquired approximately 8,200 acres of land on and near Little Mountain, approximately 15 miles east of Lovell, Wyoming. The land was previously part of the Devils Canyon Ranch. Acquisition of the land improved access to thousands of acres of State, BLM-administered public, and National Forest System lands on the western slope of the Bighorn Mountains. Funding for the first phase of the acquisition was made through a \$4 million congressional appropriation from the Land and Water Conservation Fund Act and by a \$100,000 donation from the Rocky Mountain Elk Foundation. An additional 3,000 acres are being held by the Trust for Public Land, a national land conservation group, for transfer to the BLM at a later date. When the transfer occurs, these lands would automatically become part of the Craig Thomas Little Mountain Special Management Area.

The area proposed for naming offers a variety of recreational and educational opportunities and sites of historic, cultural, and paleontological interest. Portions of the area lie within the Little Mountain ACEC and the West Slope SRMA, as established in the Cody Resource Management Plan (RMP). The RMP restricts vehicular travel to designated roads and trails within the area administered by the Cody Field Office. The specific routes designated for travel were established by an Activity Plan and its implementation is currently in progress.

The following described lands are included: Approximately 69,253 acres of BLM-managed public land in Townships 56 through 58 North, and Ranges 92 through 94 West, 6th Principal Meridian lying north of U.S. Highway Alternate 14 (14A), south of the Montana state line, east of the

Bighorn Canyon National Recreation Area, and west of the Bighorn National Forest.

### In the Matter of Certain Flash Memory Controllers, Drives, Memory Cards, and Media Players and Products Containing Same; Notice of Commission Decision Not To Review an Initial Determination Granting Complainant's Motion to Amend the Notice of Investigation

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination ("ID") (Order No. 25) issued by the presiding administrative law judge ("ALJ") in the above-referenced investigation granting complainant's motion to amend the notice of investigation.

**FOR FURTHER INFORMATION CONTACT:** Michelle Walters, Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 708-5468. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired

persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on December 12, 2007, based on a complaint filed by SanDisk Corporation. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain flash memory controllers, drives, memory cards, media players, and products containing the same by reason of infringement of various claims of five United States patents. The complaint names nearly fifty respondents.

On March 6, 2008, complainant SanDisk filed an unopposed motion to amend the notice of investigation to correct the names of certain respondents pursuant to Commission Rule 210.14(b). SanDisk asserts that there is no dispute as to which parties are named in the notice of investigation, but that the following three errors should be corrected with regard to the names of the respondents in the notice of investigation: "Chipsbank Technology (Shenzhen) Co., Ltd." should be changed to "Chipsbank Technologies (Shenzhen) Co., Ltd.;" "Chipsbank Microelectronics Co., Ltd." should be changed to "Shenzhen Chipsbank Microelectronics Co., Ltd.;" and "Dane-Elec Memory S.A." should be changed to "Dane Memory S.A., d/b/a Dane-Elec Memory S.A."

On March 12, 2008, the ALJ granted SanDisk's motion, finding good cause to amend the notice of investigation to reflect the corrected corporate names. No petitions for review were filed.

The Commission has determined not to review the ALJ's ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.42 of the Commission's Rules of Practice and Procedure (19 CFR 210.42).

Issued: March 28, 2008.
