DEPARTMENT OF THE INTERIOR**Bureau of Land Management**

[WY-920-1430-ET; WYW 101899]

Notice of Proposed Withdrawal Extension and Opportunity for Public Meeting; WY**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice.

SUMMARY: The Bureau of Land Management (BLM) proposes to extend the duration of Public Land Order (PLO) No. 6693 for an additional 20-year term. PLO No. 6693 withdrew 357.34 acres of public lands from settlement, sale, location, and entry under the general land laws, including the mining laws, to protect the Natural Corrals Archeological Site in Sweetwater County. This notice also gives an opportunity to comment on the proposed action and to request a public meeting.

DATES: Comments and requests for a public meeting must be received by July 3, 2008.

ADDRESSES: Comments and meeting requests should be sent to the BLM Wyoming State Director, P.O. Box 1828, Cheyenne, Wyoming 82003-1828.

FOR FURTHER INFORMATION CONTACT: Janet Booth, BLM Wyoming State Office, 307-775-6124, or at the above address.

SUPPLEMENTARY INFORMATION: The withdrawal created by PLO No. 6693 (53 FR 49664 (1988)) will expire on December 8, 2008, unless extended. The BLM has filed an application to extend PLO No. 6693 for an additional 20-year term. The withdrawal was made to protect important archeological, historical, geological, and recreational values of the Natural Corrals Archeological Site, on public lands described as follows:

Sixth Principal Meridian

T. 21 N., R. 101 W.

Sec. 18, lots 1, 2, and 3, W $\frac{1}{2}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, and NW $\frac{1}{4}$ SE $\frac{1}{4}$.

The areas described aggregate 357.34 acres in Sweetwater County.

The purpose of the proposed extension is to continue the withdrawal created by PLO No. 6693 for an additional 20-year term to protect the archeological, historical, geological, and recreational values of the Natural Corrals Archeological Site.

The use of a right-of-way, interagency, or cooperative agreement would not adequately constrain nondiscretionary uses which could result in permanent loss of significant values and irreplaceable resources at the site.
