

270 days from the date of initiation. See section 751(a)(2)(B)(iv) of the Act.

On August 17, 2006, the Pension Protection Act of 2006 ("H.R. 4") was signed into law. Section 1632 of H.R. 4 temporarily suspends the authority of the Department to instruct CBP to collect a bond or other security in lieu of a cash deposit in new shipper reviews. Therefore, the posting of a bond under section 751(a)(B)(iii) of the Act in lieu of a cash deposit is not available in this case. Importers of shrimp from Vietnam manufactured and/or exported by BIM Seafood must continue to post cash deposits of estimated antidumping duties on each entry of subject merchandise at the current Vietnam-wide rate of 25.76 percent.

Interested parties requiring access to proprietary information in this NSR should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306. This initiation and notice are published in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Dated: March 26, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Circular Welded Austenitic Stainless Pressure Pipe from the People's Republic of China: Amended Notice of Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 4, 2008.

FOR FURTHER INFORMATION CONTACT:

Kristen Johnson, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-4793.

SUPPLEMENTARY INFORMATION:

Background

On February 19, 2008, the Department of Commerce (Department) initiated the countervailing duty investigation of

circular welded austenitic stainless pressure pipe from the People's Republic of China. See *Circular Welded Austenitic Stainless Pressure Pipe from the People's Republic of China: Notice of Initiation of Countervailing Duty Investigation*, 73 FR 9994 (February 25, 2008). Currently, the preliminary determination is due no later than April 24, 2008.

The version of the notice of postponement of the preliminary determination released on Thursday, March 27, 2008, stated that the deadline for completion of the final determination is June 30, 2008. The notice should have stated that the deadline for completion of the preliminary determination is June 30, 2008. This amended notice corrects that error. This error was discovered prior to publication of the notice in the **Federal Register**, consequently, this amendment is being published in its place.

Postponement of Due Date for Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, if the Department concludes that the parties concerned in the investigation are cooperating and determines that the investigation is extraordinarily complicated, section 703(c)(1)(B) of the Act allows the Department to postpone making the preliminary determination until no later than 130 days after the date on which the administering authority initiated the investigation.

The Department is currently investigating alleged subsidy programs involving loans, grants, income tax incentives, and the provision of goods or services for less than adequate remuneration. Due to the number and complexity of the alleged countervailable subsidy practices being investigated, it is not practicable to complete the preliminary determination of this investigation within the original time limit (*i.e.*, by April 24, 2008). Therefore, in accordance with section 703(c)(1)(B) of the Act, we are fully extending the due date for the preliminary determination to no later than 130 days after the day on which the investigation was initiated. However, as that date falls on a Saturday, the deadline for completion of the preliminary determination is now June 30, 2008, the next business day.

This notice is issued and published pursuant to section 703(c)(2) of the Act.

Dated: April 1, 2008.

Stephen J. Claeys,

Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DR-S

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Manufacturing Extension Partnership Advisory Board

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of public meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act, 5 U.S.C. app. 2, notice is hereby given that the Manufacturing Extension Partnership (MEP) Advisory Board, National Institute of Standards and Technology (NIST) will meet Sunday, April 27, 2008, from 1 p.m. to 5 p.m. This meeting is being held in conjunction with MEP's National Conference in Orlando, FL. The MEP Advisory Board is composed of 10 members appointed by the Director of NIST who were selected for their expertise in the area of industrial extension and their work on behalf of smaller manufacturers. The Board was established to fill a need for outside input on MEP. MEP is a unique program consisting of centers across the United States and Puerto Rico, with partnerships at the state, federal, and local levels. The Board works closely with MEP to provide input and advice on MEP's programs, plans, and policies. For this meeting, discussions will focus on MEP's current key initiatives and gaining insight into the future direction of manufacturing as part of MEP's strategic planning activities. The agenda may change to accommodate Board business.

DATES: The meeting will convene April 27, 2008 at 1 p.m. and will adjourn at 5 p.m. on April 27, 2008.

ADDRESSES: The meeting will be held at Orlando World Center Marriott Resort & Convention Center, 8701 World Center Drive, Orlando, Florida 32821. Anyone wishing to attend this meeting should submit name, e-mail address and phone number to Susan Hayduk (susan.hayduk@nist.gov or 301-975-5615) no later than April 17, 2008.

FOR FURTHER INFORMATION CONTACT: Karen Lellock, Manufacturing Extension Partnership, National Institute of Standards and Technology,

Gaithersburg, Maryland 20899-4800, telephone number (301) 975-4269.

Dated: March 31, 2008.

Richard F. Kayser,

Acting Deputy Director.

National Institute of Standards and Technology

National Fire Codes: Request for Comments on NFPA Technical Committee Reports

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: Since 1896, the National Fire Protection Association (NFPA) has accomplished its mission by advocating scientifically based consensus codes and standards, research, and education for safety related issues. NFPA's *National Fire Codes*®, which holds over 270 documents, are administered by more than 225 Technical Committees comprised of approximately 7,000 volunteers and are adopted and used throughout the world. NFPA is a nonprofit membership organization with approximately 80,000 members from over 70 nations, all working together to fulfill the Association's mission.

The NFPA process provides ample opportunity for public participation in the development of its codes and standards. All NFPA codes and standards are revised and updated every three to five years in Revision Cycles that begin twice each year and that takes approximately two years to complete. Each Revision Cycle proceeds according to a published schedule that includes final dates for all major events in the process. The process contains five basic steps that are followed both for developing new documents as well as revising existing documents. These steps are: Calling for Proposals; Publishing the Proposals in the Report on Proposals (ROP); Calling for Comments on the Committee's

disposition of the Proposals and these Comments are published in the Report on Comments (ROC); having a Technical Report Session at the NFPA Annual Meeting; and finally, the Standards Council Consideration and Issuance of documents.

Note: Under new rules effective Fall 2005, anyone wishing to make Amending Motions on the Technical Committee Reports (ROP and ROC) must signal their intention by submitting a Notice of Intent to Make a Motion by the Deadline of April 3, 2009. Certified motions will be posted by May 1, 2009. Documents that receive notice of proper Amending Motions (Certified Amending Motions) will be presented for action at the Annual 2009 Association Technical Meeting. Documents that receive no motions will be forwarded directly to the Standards Council for action on issuance at its August 6, 2009 meeting.

For more information on these new rules and for up-to-date information on schedules and deadlines for processing NFPA Documents, check the NFPA Web site at www.nfpa.org or contact NFPA Codes and Standards Administration.

The purpose of this notice is to request comments on the technical reports that will be presented at NFPA's 2009 Annual Revision Cycle. The publication of this notice by the National Institute of Standards and Technology (NIST) on behalf of NFPA is being undertaken as a public service; NIST does not necessarily endorse, approve, or recommend any of the standards referenced in the notice.

DATES: Twenty-seven reports are published in the 2009 Annual Cycle Report on Proposals and will be available on June 20, 2008. Comments received on or before August 29, 2008, will be considered by the respective NFPA Committees before final action is taken on the proposals.

ADDRESSES: The 2009 Annual Revision Cycle Report on Proposals is available and downloadable from NFPA's Web site—www.nfpa.org or by requesting a copy from the NFPA, Fulfillment Center, 11 Tracy Drive, Avon, Massachusetts 02322. Comments on the report should be submitted to Milosh Puchovsky, Secretary, Standards Council, NFPA, 1 Batterymarch Park, P.O. Box 9101, Quincy, Massachusetts 02269-9101.

FOR FURTHER INFORMATION CONTACT: Milosh Puchovsky, Secretary, Standards Council, NFPA, 1 Batterymarch Park, Quincy, Massachusetts 02269-9101, (617) 770-3000.

SUPPLEMENTARY INFORMATION:

Background

The National Fire Protection Association (NFPA) develops building, fire, and electrical safety codes and standards. Federal agencies frequently use these codes and standards as the basis for developing Federal regulations concerning fire safety. Often, the Office of the Federal Register approves the incorporation by reference of these standards under 5 U.S.C. 552(a) and 1 CFR Part 51.

Request for Comments

Interested persons may participate in these revisions by submitting written data, views, or arguments to Milosh Puchovsky, Secretary, Standards Council, NFPA, 1 Batterymarch Park, Quincy, Massachusetts 02269-9101. Commenters may use the forms provided for comments in the Reports on Proposals. Each person submitting a comment should include his or her name and address, identify the notice, and give reasons for any recommendations. Comments received on or before August 29, 2008, for the 2009 Annual Cycle Report on Proposals will be considered by the NFPA before final action is taken on the proposals.

Copies of all written comments received and the disposition of those comments by the NFPA committees will be published as the 2009 Annual Cycle Report on Comments by February 20, 2009. A copy of the Report on Comments will be sent automatically to each commenter. Reports of the Technical Committees on documents that do not receive a Notice of Intent to Make a Motion will automatically be forwarded to the Standards Council for action on issuance. Action on the reports of the Technical Committees on documents that do receive a Notice of Intent to Make a Motion will be taken at the Annual Meeting, June 7-11, 2009, in Chicago, Illinois, by NFPA members.
