SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

J.K. Technologies, LLC, of Baltimore, Maryland (JK)(Registered Importer 90-006) has petitioned NHTSA to decide whether nonconforming 2005 Jeep Liberty multipurpose passenger vehicles are eligible for importation into the United States. The vehicles which JK believes are substantially similar are 2005 Jeep Liberty multipurpose passenger vehicles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable FMVSS.

The petitioner claims that it carefully compared non-U.S. certified 2005 Jeep Liberty multipurpose passenger vehicles to their U.S.-certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most FMVSS.

JK submitted information with its petition intended to demonstrate that non-U.S. certified 2005 Jeep Liberty multipurpose passenger vehicles, as

originally manufactured, conform to many FMVSS in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2005 Jeep Liberty multipurpose passenger vehicles are identical to their U.S.-certified counterparts with respect to compliance with Standard Nos. 102 *Transmission Shift Lever Sequence, Starter Interlock, and Transmission Braking Effect*, 103 *Windshield Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 106 *Brake Hoses*, 108 *Lamps, Reflective Devices and Associated Equipment*, 111 *Rearview Mirrors*, 113 *Hood Latch System*, 114 *Theft Protection*, 116 *Motor Vehicle Brake Fluids*, 118 *Power-Operated Window, Partition, and Roof Panel Systems*, 119 *New Pneumatic Tires for Vehicles Other than Passenger Cars*, 124 *Accelerator Control Systems*, 135 *Passenger Car Brake Systems*, 201 *Occupant Protection in Interior Impact*, 202 *Head Restraints*, 204 *Steering Control Rearward Displacement*, 205 *Glazing Materials*, 206 *Door Locks and Door Retention Components*, 207 *Seating Systems*, 209 *Seat Belt Assemblies*, 210 *Seat Belt Assembly Anchorages*, 212 *Windshield Mounting*, 214 *Side Impact Protection*, 216 *Roof Crush Resistance*, 219 *Windshield Zone Intrusion*, 301 *Fuel System Integrity*, and 302 *Flammability of Interior Materials*.

Petitioner states that the vehicle is equipped with a vehicle identification number plate that complies with the requirements of 49 CFR Part 565.

Petitioner also observes that the vehicle complies with the Theft Prevention Standard found in 49 CFR part 541.

Petitioner also contends that the vehicle is capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 *Controls and Displays*: installation of a U.S.-model instrument cluster.

Standard No. 120 *Tire Selection and Rims for Motor Vehicles Other than Passenger Cars*: installation of a tire information placard.

Standard No. 208 *Occupant Crash Protection*: inspection of all vehicles and replacement of any non U.S.-model seat belts, air bag control units, air bags, and sensors with U.S.-model components on vehicles that are not already so equipped.

Petitioner states that the vehicle's restraint system components include airbags, knee bolsters and combination lap and shoulder belts at the front outboard designated seating positions

and combination lap and shoulder belts at the rear outboard designated seating positions.

Standard No. 225 *Child Restraint Anchorage Systems*, inspection of all vehicles and installation, on vehicles that are not already so equipped, of U.S.-model components to meet the requirements of this standard.

The petitioner additionally states that a vehicle identification plate must be affixed to the vehicles near the left windshield post to meet the requirements of 49 CFR Part 565.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above addresses both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: April 1, 2008.

Director, Office of Vehicle Safety Compliance.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Docket No. AB-33 (Sub-No. 265X)]

**Union Pacific Railroad Company—
Abandonment and Discontinuance of
Trackage Rights Exemption—In Los
Angeles County, CA**

Union Pacific Railroad Company (UP) has filed a verified notice of exemption under 49 CFR part 1152 subpart F—*Exempt Abandonments* to abandon the Santa Monica Industrial Lead from milepost 485.61 to milepost 485.69 and to discontinue trackage rights from milepost 485.69 to milepost 486.00,¹ a total distance of 0.39 miles in the City of Los Angeles, Los Angeles County, CA. The line traverses United States Postal Service Zip Codes 90011 and 90058.

UP has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) there is no overhead traffic on the line; (3) no formal

¹ The portion of the line over which UP proposes to discontinue trackage rights was sold by UP's predecessor, Southern Pacific Transportation Company, to the Los Angeles Metropolitan Transportation Authority in 1990.

complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Surface Transportation Board or with any U.S. District Court or has been decided in favor of complainant within the 2-year period; and (4) the requirements of 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic reports), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to this exemption, any employee adversely affected by the abandonment or discontinuance of trackage rights shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on May 8, 2008, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,² formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),³ and trail use/rail banking requests under 49 CFR 1152.29 must be filed by April 18, 2008. Petitions to reopen or requests for public use conditions under 49 CFR

1152.28 must be filed by April 28, 2008, with the Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001.

A copy of any petition filed with the Board should be sent to UP's representative: Gabriel S. Meyer, Assistant General Attorney, 1400 Douglas Street, STOP 1580, Omaha, NE 68179.

If the verified notice contains false or misleading information, the exemption is void *ab initio*.

UP has filed a combined environmental and historic report addressing the effects, if any, of the abandonment and discontinuance of the trackage rights on the environment and historic resources. SEA will issue an environmental assessment (EA) by April 11, 2008. Interested persons may obtain a copy of the EA by writing to SEA (Room 1100, Surface Transportation Board, Washington, DC 20423-0001) or by calling SEA, at (202) 245-0305. [Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.] Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), UP shall file a notice of consummation with the Board to signify

that it has exercised the authority granted and fully abandoned the line. If consummation has not been effected by UP's filing of a notice of consummation by April 8, 2009, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: April 1, 2008.

By the Board, David M. Konschnick, Director, Office of Proceedings.

Anne K. Quinlan,

Acting Secretary.
