The settlement agreement provides that by May 31, 2008, EPA shall sign a notice of proposed rulemaking or direct final rulemaking that contains amendments to the rules that are the same in substance as set forth in Attachment A to this settlement agreement and by November 30, 2008, EPA shall take any necessary final action on the rules. If EPA signs a final rule that contains amendments to the rules that are substantially the same in substance as set for in Attachment A, then publishes that final rule in the **Federal Register**, Petitioner and EPA shall file for dismissal of the consolidated Petitions for Review with prejudice in accordance with Rule 42(b) of the Federal Rules of Appellate Procedures.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed settlement agreement from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed settlement agreement if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comment which may be submitted, that consent to the settlement agreement should be withdrawn, the terms of the agreement will be affirmed.

II. Additional Information About Commenting on the Proposed Settlement Agreement

A. How Can I Get a Copy of the Settlement Agreement?

Direct your comments to the official public docket for this action under Docket ID No. EPA-HQ-OGC-2008-

0226 which contains a copy of the settlement agreement. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through <http://www.regulations.gov>. You may use the <http://www.regulations.gov> to view the settlement agreement, submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select “search,” then key in the appropriate docket identification number.

It is important to note that EPA’s policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at <http://www.regulations.gov> without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA’s policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA’s electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and To Whom Do I Submit Comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked “late.” EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in

the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA’s electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <http://www.regulations.gov> Web site to submit comments to EPA electronically is EPA’s preferred method for receiving comments. The electronic public docket system is an “anonymous access” system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to EPA’s electronic public docket, EPA’s electronic mail (e-mail) system is not an “anonymous access” system. If you send an e-mail comment directly to the Docket without going through <http://www.regulations.gov>, your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA’s electronic public docket.

SUPPLEMENTARY INFORMATION: Notice is hereby given that a petition has been received from the State of Massachusetts requesting a determination by the Regional Administrator, U.S. Environmental Protection Agency, pursuant to section 312(f)(3) of Public Law 92-500 as amended by Public Law 95-217 and Public Law 100-4, that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available coastlines and coastal tidal rivers within the following boundaries:

Waterbody/general area	Latitude	Longitude
Northern extent of Green Harbor at the RT 139 causeway	42°05'11"N	70°39'03"W
South and west along the South River to the Willow Street Bridge	42°05'34"N	70°42'43"W
South and west along the North River to Columbia Road Bridge	42°06'26"N	70°48'31"W
South along the navigable extent of the Gulf River	42°13'30"N	70°47'06"W

The proposed NDA boundary will also include coastal waters within municipal boundaries, westward of a delineation that extends from:

Waterbody/general area	Latitude	Longitude
Marshfield municipal boundary	42°04'22"N	70°38'54"W
East to navigational marker R “2GH” located off Howland Ledge	42°04'36"N	70°36'48"W
North to navigational marker G “21” F1 G 4 S. Whistle located east of Minot Light	42°16'33"N	70°42'20"W
Northwest on a heading to Thieves Ledge G “1” QG Whistle.	42°19'33"N	70°49'50"W
To Cohasset municipal boundary	42°18'34"N	70°47'25"W
Southwest to Cohasset municipal boundary	42°15'53"N	70°49'34"W

The proposed area includes the municipal waters of Scituate, Marshfield, Cohasset, and the tidal portions of the North and South Rivers.

Massachusetts has certified that there are ten pumpout facilities within the proposed area available to the boating public and two additional facilities pending. A list of the facilities, phone

numbers, locations, and hours of operation is at the end of this petition.

Massachusetts has provided documentation indicating that the total vessel population is estimated to be 3,000 in the proposed area. It is estimated that 1,363 of the total vessel population may have a Marine Sanitation Device (MSD) of some type.

The majority of facilities are connected directly into the local wastewater treatment system.

In 1977, the Department of the Interior designated the North and South Rivers as National Natural Landmarks, and in 1978 the North River received a Protective Order under the state Scenic Rivers Act of 1971. The Wompatuck

State Park, the English State Salt Marsh Wildlife Refuge/Management Area, and the Weir River Area of Critical Environmental Concern (ACEC) are all located within the proposed boundaries of this petition. There are approximately eight marinas, five public boat ramps,

and over a dozen beaches located within the proposed No Discharge Area. Both recreational and commercial shell fishermen use the area. There are ten designated Shellfish Growing Areas representing over 49,500 acres of productive shellfish beds in the area supporting soft shell clams, blue

mussels, razor clams, quahogs, bay scallops, oysters, and surf clams. The area supports a thriving commercial and recreational fishing fleet. The proposed area has a variety of rich natural habitats, and supports a wide diversity of species.

DATES: Bank members selected for the review cycle under the Finance Board's community support requirements regulation must submit completed Community Support Statements to the Finance Board on or before May 30, 2008.

I. Selection for Community Support Review

Section 10(g)(1) of the Federal Home Loan Bank Act (Bank Act) requires the Finance Board to promulgate regulations establishing standards of community investment or service Bank members must meet in order to maintain access to long-term advances. See 12 U.S.C. 1430(g)(1). The regulations promulgated by the Finance Board must take into account factors such as the Bank member's performance under the Community Reinvestment Act of 1977 (CRA), 12 U.S.C. 2901 *et seq.*, and record of lending to first-time homebuyers. See 12 U.S.C. 1430(g)(2). Pursuant to section 10(g) of the Bank Act, the Finance Board has promulgated a community support requirements regulation that establishes standards a Bank member must meet in order to maintain access to long-term advances, and review criteria the Finance Board must apply in evaluating a member's community support performance. See 12 CFR part 944. The regulation includes standards and criteria for the two statutory factors—CRA performance and record of lending to first-time
