

compliance with regulations. An absence of the reporting and recordkeeping requirements would not allow for prudent internal controls or for examiners to determine the accurate performance and condition of savings associations. Specifically, OTS examiners use the reports and recordkeeping requirements to determine whether the savings associations are being operated safely, soundly, and in compliance with regulations.

BILLING CODE 6720-01-P

DEPARTMENT OF VETERANS AFFAIRS

VA Adjudication Procedures Manual, M21-1; Rescission of Manual M21-1 Provisions Related to Exposure to Herbicides Based on Receipt of the Vietnam Service Medal

AGENCY: Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: The Department of Veterans Affairs (VA) rescinds provisions of its Adjudication Procedures Manual, M21-1 (Manual M21-1) that were found by the U.S. Court of Appeals for Veterans Claims (Veterans Court) not to have been properly rescinded.

DATES: This rescission is effective April 15, 2008.

SUPPLEMENTARY INFORMATION: On November 27, 2007, we proposed to rescind certain provisions of our Manual M21-1. 72 FR 66218. The notice was necessitated by the opinion rendered by the Veterans Court in *Haas v. Nicholson*, 20 Vet. App. 257 (2006). Although VA's appeal of that decision has been submitted to the U.S. Court of Appeals for the Federal Circuit (Federal Circuit), that court has not yet issued a decision in the case. The comment period has ended, and we now rescind the provisions.

We received more than 75 comments, most of which were very similar and can be addressed in three categories: (1) Citation to scientific evidence, in particular a 2002 study performed for Australia's Queensland Health Scientific Services by their National Research Center for Environmental Toxicology, titled, *Examination of the Potential Exposure of Royal Australian Navy Personnel to Polychlorinated Dibenzo-dioxins and Polychlorinated*
