14 CFR Part 71

[Docket No. FAA-2008-0023; Airspace
Docket No. 08-AGL-1]

Establishment of Class E Airspace; Long Prairie, MN

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Direct final rule; confirmation of
effective date, correction.

SUMMARY: This action confirms the
effective date and makes a correction to
the direct final rule that establishes
Class E airspace at Todd Field, Long
Prairie, MN, published in the **Federal
Register** February 4, 2008 (73 FR 6425)
Docket No. FAA-2008-0023. In the
airspace description of that rule, the
reference to Notice to Airmen and
Airport/Facility Directory should be
removed. This action corrects that error.

DATES: *Effective Dates:* 0901 UTC April
10, 2008. The Director of the Federal
Register approves this incorporation by
reference action under Title 1, Code of
Federal Regulations, part 51, subject to
the annual revision of FAA Order
7400.9 and publication of conforming
amendments.

SUPPLEMENTARY INFORMATION:

History

The FAA published a direct final rule
with request for comments in the
Federal Register February 4, 2008, (73
FR 6425), Docket No. FAA-2008-0023.
The sentence referencing Notice to
Airmen and Airport/Facility Directory
in the airport description should not
have been included in this action.

The FAA uses the direct final rule
procedure for non-controversial rules
where the FAA believes that there will
be no adverse public comment. This
direct final rule advised the public that
no adverse comments were anticipated,
and that unless a written adverse
comment, or a written notice of intent

to submit an adverse comment, was
received within the comment period,
the regulation would become effective
on April 10, 2008. No adverse
comments were received; thus, this
notice confirms that the direct final rule
will become effective on this date.

following:

“This Class E5 airspace is effective during
specific dates and times established in
advance by Notice to Airmen. The effective
date and time will thereafter be continuously
