International Trade Administration Mission Statement

Mission Statement; Business Development Mission to Erbil, Iraq June, 2008*

AGENCY: Department of Commerce.

ACTION: Notice.

Mission Description: The United States Department of Commerce, International Trade Administration (ITA) is organizing a Business Development Mission to Erbil, Iraq, June 2008.* The business development mission will focus on establishing business meetings between U.S. companies and Iraqi companies, for both export and investment. The mission will be open to U.S. companies from all non-petroleum sectors. Companies with interests in the housing, financial services, agri-business/food processing, healthcare, tourism, IT, transportation, or franchising sectors will be preferred. This mission will be led by a Senior Commerce Department official. ITA will provide participating U.S. companies an opportunity to meet with key officials from the Kurdistan Regional Government (KRG), local chambers of commerce and other business groups, and various Iraqi companies. ITA also seeks to provide participating U.S. companies an opportunity to visit key commercial sites in Erbil. Security will be furnished by the U.S. Embassy Regional Reconstruction Team in Erbil, private hotel security, and the KRG.

Commercial Setting: This mission will take place in the midst of an economic and investment boom occurring in the region. The Kurdistan region is an autonomous region within Iraq with special authorities enshrined in Iraq's 2005 constitution. It has many of its own laws and its own security force, which has enabled it to largely escape the violence seen in other parts of Iraq since 2004. Indeed, not a single coalition troop member has died in Iraqi Kurdistan since 2003.

The economy of Iraqi Kurdistan has been growing from 8–25% a year over the past several years. Companies from neighboring countries, led by Turkey, currently dominate investment and trade in Iraqi Kurdistan, followed by companies from Gulf countries, Asia, and Europe. Private investment in the region was \$7.6 billion in 2007. U.S. trade and investment in this region remains remarkably low in comparison, however, at less than 2% of the total. However, U.S. companies are beginning to take notice of the opportunities in Iraqi Kurdistan. A Coca-Cola bottling facility recently opened up near Erbil, while Ford and General Motors (Chevrolet) have active dealerships in the region. Furthermore, pro-American sentiment runs high in Iraqi Kurdistan, and both Iraqi Kurdish businesses and KRG officials are very supportive of U.S. business activity in the region. Recently passed legislation on investments provide exemption from income taxes for the first ten years of an investment, unhindered repatriation of project investment funds and accrued profits, 100 percent foreign ownership of land, provision of basic services (water, electricity, sewage, public road access and telecommunications) on a cost-free basis up to the boundary of a foreign investor's project site, and other attractive financial incentives.

This mission builds on previous Commerce Department engagements with the Government of Iraq, the KRG, and with Iraq's private sector. In February 2008, Secretary Gutierrez traveled to Baghdad with representatives from the U.S. private sector and former ITA Under Secretary Lavin traveled to Erbil in February 2007

with a similar delegation. Additionally, Iraqi Kurdistan has hosted numerous business delegations from Italy, Korea, Japan, Germany and other advanced economies seeking to get a foothold in one of the world's newest, most dynamic markets.

Mission Goals: The mission will facilitate business-to-business meetings between U.S. companies and their private sector counterparts in Iraq, as well as improve U.S. industries' understanding of the commercial opportunities in Iraq. The mission will also facilitate commercial policy dialogue with the KRG and Iraqi business groups. The mission aims to:

- Improve U.S. industries' understanding of the commercial opportunities in Iraq, and the Kurdistan Region of Iraq in particular.
- Facilitate business meetings between U.S. and Iraqi businesses, to expand U.S. exports to Iraq and U.S. investment in Iraq.
- Provide Iraqi Kurdish policymakers with U.S. industry feedback on the direction of commercial reforms.
- Introduce U.S. industry to the Kurdistan Region's business and government leaders.

Mission Scenario: In Iraq, the International Trade Administration will:

- Organize roundtable events, briefings, networking events, and matchmaking meetings between the delegation and key U.S. Government officials, key officials of the KRG, local companies, and industry groups.
- Arrange for selected site visits to key commercial sites. (Subject to security conditions at the time.)
