

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Project No. 11879-001*Idaho]****Symbiotics, LLC; Notice of Availability of Final Environmental Assessment**

April 10, 2008.

In accordance with the National Environmental Policy Act of 1969, as amended, and Federal Energy Regulatory Commission (Commission or FERC) regulations (18 CFR Part 380), Commission staff have reviewed the license application for the Chester Diversion Hydroelectric Project (FERC No. 11879) and have prepared a final environmental assessment (EA) on the proposed action. The project is located on the Henry's Fork of the Snake River in Fremont County, Idaho, downstream of some of the most well-known fly fishing areas in the country.

Symbiotics, LLC (applicant) filed an application for license with the Commission for an original license for the 3.3-megawatt (MW) Chester Diversion Hydroelectric Project, using the existing Cross Cut Diversion dam (Chester Diversion dam).¹ In this final EA, Commission staff analyzes the probable environmental effects of construction and operation of the project and have concluded that approval of the license, with appropriate staff-recommended environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the final EA are available for review in Public Reference Room 2-A of the Commission's offices at 888 First Street, NE., Washington, DC. The final EA also may be viewed on the Commission's Internet Web site (<http://www.ferc.gov>) using the "eLibrary" link. Additional information about the project is available from the Commission's Office of External Affairs, at (202) 502-6088, or on the Commission's Web site using the eLibrary link. For assistance with eLibrary, contact FERCOnlineSupport@ferc.gov or call

¹ The Chester Diversion dam was initially constructed as the "Cross Cut Diversion dam" because it served as the diversion dam for the Cross Cut irrigation canal. It now also serves as the diversion dam for the Last Chance irrigation canal, and because of its location near Chester, Idaho, is now referred to as the Chester Diversion dam. While both names are appropriate, we use the "Chester Diversion" moniker for consistency and clarity in this EA.

toll-free at (866) 208-3676, or for TTY contact (202) 502-8659.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Docket No. EL08-54-000]****City of Vernon, CA; Notice of Filing**

April 10, 2008.

Take notice that on April 4, 2008, City of Vernon, California (Vernon) filed a petition of declaratory order, pursuant to section 385.207 of the Commission's regulations, request for waiver of filing fee.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on May 5, 2008.

Kimberly D. Bose,
Secretary.
