Background

The Department of Homeland Security (DHS), through the United States Coast Guard and the Transportation Security Administration (TSA), issued a joint final rule (72 FR 3492; January 25, 2007) pursuant to the Maritime Transportation Security Act (MTSA), Pub. L. 107-295, 116 Stat. 2064 (November 25, 2002), and the Security and Accountability for Every Port Act of 2006 (SAFE Port Act), Pub. L. 109-347 (October 13, 2006). This rule requires all credentialed merchant mariners and individuals with unescorted access to secure areas of a regulated facility or vessel to obtain a TWIC. In this final rule, on page 3510, TSA and Coast Guard stated that a phased enrollment approach based upon risk assessment and cost/benefit would be used to implement the program nationwide, and that TSA would publish a notice in the **Federal Register** indicating when enrollment at a specific location will begin and when it is expected to terminate.

This notice provides the start date for TWIC initial enrollment at the Ports of Juneau, AK and Galveston, TX on April 30, 2008; Freeport, TX on May 1, 2008; Sandusky, OH on May 7, 2008; and Anchorage, AK on May 8, 2008. The Coast Guard will publish a separate notice in the **Federal Register** indicating when facilities within the Captain of the Port Zone Southeast Alaska, including those in the Port of Juneau; Captain of the Port Zone Houston/Galveston, including those in the Ports of Freeport and Galveston; Captain of the Port Zone Western Alaska, including those in the Port of Anchorage; and Captain of the Port Zone Detroit, including those in the Port of Sandusky must comply with the portions of the final rule requiring TWIC to be used as an access control measure. That notice will be published at least 90 days before compliance is required.

To obtain information on the pre-enrollment and enrollment process, and enrollment locations, visit TSA's TWIC Web site at <http://www.tsa.gov/twic>.

Issued in Arlington, Virginia, on April 15, 2008.

FOR FURTHER INFORMATION CONTACT: John Rydzik, (916) 978-6042.

SUPPLEMENTARY INFORMATION: The Tribe has requested that the BIA take into Federal trust 228.04 acres of land currently held in fee by the Tribe, on which the Tribe proposes to construct a casino, a hotel, parking areas and other facilities. The proposed project is located in the City of Plymouth in Amador County, California. The project site is located immediately east of State Highway 49 and is within 2½ miles of State Highway 16. The project site consists of 12 parcels of land totaling 228.04 acres. Eight of the 12 parcels (10.28 acres) are located within the City of Plymouth, while the remaining four parcels, approximately 218 acres, are located on unincorporated land within Amador County.

Phase I of the proposed action includes the development of a 120,000 square foot casino complex, which would consist of a porte cochere, main gaming hall, food and beverage services, retail space and administration space. Approximately 65,000 square feet of this building space would be devoted to the main gaming hall, while the balance of the facility would include administration space, small retail shops, food/beverage facilities and a small gift and art shop. This entire complex would be built on land currently within the City of Plymouth. Primary access to the casino complex would be via State Highway 49.

Phase II of the proposed action consists of the construction of a hotel (250 rooms maximum), which would include small conference style facilities, together with food and beverage services. The proposed hotel would also be fitted with a dual plumbing system for the use of potable and recycled water. In addition, site parking would

be increased to supply adequate parking for hotel and conference patrons. The hotel is anticipated to be operational no sooner than the middle of year 3-4 of the project. Primary vehicle access to the hotel would be provided by the main casino and surface-parking driveway.

A range of project alternatives is considered in the DEIS, including: (1) Preferred casino and hotel; (2) reduced casino and hotel; (3) reduced casino, no hotel; (4) regional shopping development; and (5) no action. Environmental issues addressed in the DEIS include land resources, water resources, air quality, biological resources, cultural resources, socioeconomic conditions, resource use patterns, public services, other values including noise, hazards and hazardous materials and visual resources and environmental justice, cumulative effects and mitigation measures. Input from the public, including that from public scoping meetings the BIA held November 19, 2003, and February 4, 2004, at the Amador County Fairgrounds in Plymouth, California, was included in the development of these alternatives and issues.

Public Comment Availability

Comments, including names and addresses of respondents, will be available for public review at the BIA address shown in the **ADDRESSES** section, during business hours: 8 a.m. to 4:30 p.m., Monday through Friday, except holidays.
