Background

The Department of Homeland Security (DHS), through the United States Coast Guard and the Transportation Security Administration (TSA), issued a joint final rule (72 FR 3492; January 25, 2007) pursuant to the Maritime Transportation Security Act (MTSA), Pub. L. 107-295, 116 Stat. 2064 (November 25, 2002), and the Security and Accountability for Every Port Act of 2006 (SAFE Port Act), Pub. L. 109-347 (October 13, 2006). This rule requires all credentialed merchant mariners and individuals with unescorted access to secure areas of a regulated facility or vessel to obtain a TWIC. In this final rule, on page 3510, TSA and Coast Guard stated that a phased enrollment approach based upon risk assessment and cost/benefit would be used to implement the program nationwide, and that TSA would publish a notice in the **Federal Register** indicating when enrollment at a specific location will begin and when it is expected to terminate.

This notice provides the start date for TWIC initial enrollment at the Ports of Juneau, AK and Galveston, TX on April 30, 2008; Freeport, TX on May 1, 2008; Sandusky, OH on May 7, 2008; and Anchorage, AK on May 8, 2008. The Coast Guard will publish a separate notice in the **Federal Register** indicating when facilities within the Captain of the Port Zone Southeast Alaska, including those in the Port of Juneau; Captain of the Port Zone Houston/Galveston, including those in the Ports of Freeport and Galveston; Captain of the Port Zone Western Alaska, including those in the Port of Anchorage; and Captain of the Port Zone Detroit, including those in the Port of Sandusky must comply with the portions of the final rule requiring TWIC to be used as an access control measure. That notice will be published at least 90 days before compliance is required.
