BILLING CODE 6560-50-P

NATIONAL SCIENCE FOUNDATION

45 CFR Part 615

RIN 3145-AA49

Testimony and Production of Records

AGENCY: National Science Foundation.

ACTION: Final rule.

SUMMARY: The National Science Foundation (NSF) is amending part 615 on testimony and the production of records in title 45 of the Code of Federal Regulations (CFR). This technical amendment clarifies that, in connection with a legal proceeding between private litigants, NSF’s Inspector General has the same discretion to permit an Office of Inspector General (OIG) employee to testify or produce official records and information in response to a request as NSF’s General Counsel has when such a request is made to any other NSF employee. This final rule is an administrative simplification that makes no substantive change in NSF policy or procedures for providing testimony or producing official records and information in connection with a legal proceeding.

DATES: *Effective Date:* April 22, 2008.

FOR FURTHER INFORMATION CONTACT: Eric S. Gold, Assistant General Counsel, Office of the General Counsel, National Science Foundation, telephone (703) 292-8060 and e-mail egold@nsf.gov.

SUPPLEMENTARY INFORMATION: NSF promulgated part 615 of title 45 of the Code of Federal Regulations, entitled, “Testimony and Production of Records,” to establish policies and procedures to be followed when a request is made of an NSF employee to provide testimony or produce official records and information in connection with a legal proceeding. The provisions

of this part are intended to: (1) Promote economy and efficiency in NSF’s operations; (2) minimize the possibility of involving NSF in controversial issues not related to its functions; (3) maintain the impartiality of NSF among private litigants; and (4) protect sensitive, confidential information and the deliberative process.

To this end, in any legal proceeding between private litigants, an NSF employee (other than an OIG employee) is precluded from giving testimony or producing official records or information in response to a formal demand or informal request unless NSF’s General Counsel authorizes him or her to do so. The current regulation is silent on what authority, if any, the Inspector General has when information or testimony is sought from an OIG employee via a request. To dispel any confusion, NSF is amending its regulation to clarify that the Inspector General has the discretion to approve the production of official information, as well as the giving of testimony, in response to both a formal demand and an informal request made to an OIG employee.

Executive Order 12866

OMB has determined this rule to be nonsignificant.

Regulatory Flexibility Act of 1980 (5 U.S.C. 605(b))

This proposed regulatory action will not have a significant adverse impact on a substantial number of small entities.

Unfunded Mandates Act of 1995 (Sec. 202, Pub. L. 104-4)

This proposed regulatory action does not contain a Federal mandate that will result in the expenditure by State, local, and tribal governments, in aggregate, or by the private sector of \$100 million or more in any one year.

Paperwork Reduction Act of 1995 (44 U.S.C., Chapter 35)

This regulatory action will not impose any additional reporting or recordkeeping requirements under the Paperwork Reduction Act.

Federalism (Executive Order 13132)

This proposed regulatory action does not have Federalism implications, as set forth in Executive Order 13132. It will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.
