Richloom Home Fashions Division of Richloom Fabrics Corporation Clinton, SC; Notice of Affirmative Determination Regarding Application for Reconsideration

By applications postmarked March 6, 2008, a petitioner requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers and former workers of the subject firm. The denial notice was signed on February 22, 2008 and

published in the **Federal Register** on March 7, 2008 (73 FR 12466).

The initial investigation resulted in a negative determination based on the finding that the worker group does not produce an article within the meaning of Section 222 of the Trade Act of 1974.

In the request for reconsideration, the petitioner provided additional information regarding the production of samples by the subject firm and requested that the Department conduct further investigation of the Sample Department.

The Department has carefully reviewed the request for reconsideration and the existing record and determined that the Department will conduct further investigation to determine if the Sample Department workers meet the eligibility requirements of the Trade Act of 1974.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Signed in Washington, DC, this 27th day of March, 2008.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

SUPPLEMENTARY INFORMATION:

I. Background

Section 192 of the Workforce Investment Act (Pub. L. 105-220, August 7, 1998) permits States to apply for a workforce flexibility (Work-Flex) waiver authority to implement reforms to their workforce investment systems in exchange for program improvements. The Act provides that the Secretary may grant Work-Flex waiver authority for a period of up to five years pursuant to a Work-Flex Plan submitted by a State. Under Work-Flex, Governors are granted the authority to approve requests submitted by their local areas to waive certain statutory and regulatory provisions of WIA Title I programs. States may also request from the Secretary waivers of certain requirements of the Wagner-Peyser Act (Sections 8-10) and certain provisions of the Older Americans Act applicable to State agencies that administer the Senior Community Service Employment Program (SCSEP). The intent of the Work-Flex provision is to authorize States and Local Areas the operational flexibility they need to improve employment and training productivity for adult, dislocated, and youth populations. One of the underlying

principles of Work-Flex is that it will result in improved performance outcomes for persons served and that waiver authority will be granted in consideration of improved performance.

Work-Flex State Plan Instructions

States requesting designation as a Work-Flex State must submit a Work-Flex Plan which includes descriptions of:

a. The process by which local areas in the State may submit and obtain approval by the State of applications for waivers of requirements applicable under Title I of WIA, including provisions for public review and comment on local area waiver applications.

b. The statutory and regulatory requirements of Title I that are likely to be waived by the State under the plan.

c. The requirements applicable under Sections 8 through 10 of the Wagner-Peyser Act that are proposed to be waived, if any.

d. The statutory and regulatory requirements of the Older Americans Act of 1965 applicable to State agencies on aging with respect to administration of the Senior Community Service Employment Program (SCSEP) that are proposed to be waived, if any.

e. The outcomes to be achieved by the waiver authority including, where appropriate, revisions to adjusted levels of performance included in the State or Local Plan under Title I of WIA.

f. Special measures (in addition to current procedures) to be taken to ensure appropriate accountability for Federal funds in connection with the waivers.

g. Prior to submitting a Work-Flex Plan to the Secretary for approval, the State must provide notice to all interested parties and to the general public adequate notice and a reasonable opportunity for comment on the waivers proposed to be implemented. The plan should describe the process used for ensuring meaningful public comment.

Include a description of the Governor's and the State Workforce Investment Board's involvement in drafting, reviewing and commenting on the Plan. Describe the actions taken to collaborate in the development of the State Work-Flex Plan with local chief elected officials, local workforce investment boards and youth councils, the business community (including small businesses), labor organizations, educators, vocational rehabilitation agencies, and other interested parties, such as service providers, welfare agencies, community and faith-based organizations, transportation providers and other stakeholders.
