Public Comment

Interested parties may submit written comments (case briefs) by the close of business on the third business day after the date of signature (rather than publication) of this amended preliminary determination and rebuttal comments (rebuttal briefs), which must be limited to issues raised in the case briefs, within three business days after the deadline for filing case briefs. See 19 CFR 351.309(c)(1)(i) and 19 CFR 351.309(d). Parties are requested to limit the issues raised in their case briefs to only those issues relevant to this amended preliminary determination and not already briefed. Specifically, the Department requests that parties limit their case briefs to the following issues: (1) Whether the Department should use the facts available in reaching its determination with respect to Yulong, pursuant to Section 776(a) of the Act; (2) whether Yulong has failed to cooperate to the best of its ability, warranting the application of an adverse inference, pursuant to section 776(b) of the Act; (3) how the Department should determine any AFA rate for Yulong, what the rate should be, and corroboration of the rate, to the extent practicable, if the rate is based upon secondary information, pursuant to section 776(c) of the Act; (4) whether Yulong qualifies for a separate rate; and (5) what rate to apply to the separate rate companies and corroboration of the rate, to the extent practicable, if the rate is based upon secondary information.

Parties who submit arguments are requested to submit with the argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Further, the Department requests that parties submitting written comments provide the Department with a disk containing the public version of those comments.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act.

ACTION: Notice of a public meeting.

SUMMARY: The New England Fishery Management Council's (Council) Multispecies (Groundfish) Committee will meet to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

DATES: The meeting will be held on Tuesday, May 13, 2008, at 9 a.m.

SUPPLEMENTARY INFORMATION: The items of discussion in the committee's agenda are as follows:

The Groundfish Oversight Committee will meet to continue development of Amendment 16 to the Northeast Multispecies Fishery Management Plan. Amendment 16 will adopt measures necessary to continue rebuilding of

multispecies stocks. The Committee will focus its efforts on reviewing alternatives for effort controls designed to meet the mortality objectives of the amendment. Since stock status will not be known until later this year, the effort control alternatives will be designed to achieve changes in mortality identified in an earlier action. It is not known if these changes will be sufficient or unnecessary once stock status is known. The Committee will also develop options for recreational management measures, further develop annual catch limit and accountability measures for commercial and recreational groundfish fishing, and clarify sector policy issues. The Committee may develop recommendations for preferred alternatives for all management measures that are being considered. Recommendations from this committee will be forwarded to the Council for consideration.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting.
