DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Finance Docket No. 35087]

Canadian National Railway Company and Grand Trunk Corporation Control—EJ&E West Company

AGENCY: Surface Transportation Board, Department of Transportation.

ACTION: Notice of Availability of the Final Scope of Study for the Environmental Impact Statement (EIS).

SUMMARY: On October 30, 2007, the Canadian National Railway Company (CN) and Grand Trunk Corporation (collectively CN or the Applicants) filed an application with the Surface Transportation Board (Board or STB) seeking the Board's approval to acquire

control of EJ&E West (EJ&EW) Company, a wholly owned noncarrier subsidiary of the Elgin, Joliet and Eastern Railway Company¹ (EJ&E). In their application, Applicants state that they plan to construct six new rail connections and approximately 19 miles of siding extensions and second mainline track (double track). EJ&E is a Class II railroad that currently operates approximately 200 miles of track in northeastern Illinois and northwestern Indiana.

On November 26, 2007, the Board issued Decision No. 2 announcing that its Section of Environmental Analysis (SEA) will prepare an Environmental Impact Statement (EIS) to assess the potential environmental impacts that may result from the proposed acquisition. On December 21, 2007, SEA published a Notice of Intent (NOI) in the **Federal Register** announcing the start of the scoping process and the dates and times of public scoping meetings. This document, as well as a Draft Scope of Study, was served and distributed to approximately 350 stakeholders and 41 federal, state, and local agencies on an environmental distribution list. A press release was issued to 21 Chicago-area newspapers to announce the NOI to the public.

Information about the STB's environmental review of the proposed acquisition was also made available through the Board's Web site, <http://www.stb.dot.gov>. The Board's Web site provides an overview of the proposed acquisition; public comment guidance; links to documents (including the NOI and Draft Scope of Study); links to CN's, and EJ&E's Web sites; and SEA contact information. Additionally, SEA established a toll-free information line (1-800-347-0689) for public comments with a Spanish-language option available. An electronic filing system is also available on the Board's Web site, <http://www.stb.dot.gov>, to receive comments.

To promote participation in a series of 14 public scoping meetings scheduled for January 2008, SEA placed quarter-

¹ Applicants state in their application that EJ&E plans to transfer all of its land, rail, and related assets located west of the centerline of Buchanan Street in Gary (together with the real property and related fixtures associated with the hump and Dixie leads located east of Buchanan Street) to EJ&EW, which at that time would become a rail common carrier. EJ&E would retain its land, rail, and related assets east of the centerline (other than the real property and related fixtures associated with the hump and Dixie leads). It is expected that, if the proposed transaction is approved and Applicants acquire control of EJ&EW, EJ&E would change its name to Gary Railway Company, and EJ&EW would assume the Elgin, Joliet & Eastern Railway Company name. To eliminate confusion, and because EJ&EW would be a temporary entity, the remainder of this document will refer only to "EJ&E."
