FEDERAL RESERVE SYSTEM

Voluntary Testing and Enrollment for a New Method of Submitting Applications, Notices, and Other Requests for Regulatory Authorization

AGENCY: Board of Governors of the Federal Reserve System.

SUMMARY: The Board of Governors of the Federal Reserve System (Federal Reserve) proposes to implement an electronic system for the submission of applications, notices, and other requests for regulatory authorization to the Federal Reserve System by insured depository institutions, bank holding companies (BHCs), foreign banking organizations (FBOs), other entities, individuals, or groups (collectively, filers) under the Federal Reserve Act, Bank Holding Company Act, Bank Merger Act, Change in Bank Control Act, the International Banking Act of 1978, and the Federal Reserve's regulations implementing these statutes. As a part of this process the Federal Reserve would implement an authentication system to authorize filers and their designated agents to access the Electronic Applications system (E-Apps) and submit filings. To identify any unresolved issues with (E-Apps), the Federal Reserve proposes to establish a testing program involving a limited number of filers that would be willing to provide written and oral feedback regarding the authentication and testing processes.

DATES: *Pilot Phase Timeframe:* Second and Third Quarters 2008.

System Enrollment and Implementation Phase Timeframe: Beginning Fourth Quarter 2008.
