

10, 2008, Application to Terminate Purchase Obligation. The amendment is titled a motion for leave to file answer and answer to Smurfit Stone Container Corporation's motion to intervene, limited protest and comments. The amendment includes the net capacity of the potentially-affected qualifying facilities. This information was missing from the initial application.

Because the filing constitutes a material amendment to the March 10, 2008, application filed by Virginia Electric and Power Company, the 90-day period within which the Commission must act on this application begins on the date of the amended filing. The Commission will act on the application on or before July 21, 2008, unless the application is again materially amended.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s).
