

information collection must be received within 30-days of this notice, and directed to the Desk Officer at the following address:

OMB Desk Officer: David Rostker, OMB/ORIA, New Executive Office Building, Room 10235, Washington, DC 20503.

SUPPLEMENTARY INFORMATION: In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, as amended, the Millennium Challenge Corporation (MCC) is publishing the following summary of a proposed information collection for public comment.

Interested persons are invited to send comments on: (i) The necessity and utility of the proposed collection of information for the proper performance of the agency's functions; (ii) the accuracy of the estimated burden; (iii) the quality, utility and clarity of the information to be collected; and (iv) the burden of the collection of information on those who are to respond, including various technological collection techniques or other forms of information technology to minimize the information collection burden.

Proposed Project: A survey of international development organizations to assist in measuring MCC's leadership role in development practice. This survey, conducted by an independent organization, will become a part of MCC's data measuring its performance under the provisions of the Government Performance Results Act of 1993. It will seek to measure how MCC is affecting change in the manner development assistance is administered by other organizations providing similar assistance.

Abstract:

Type of Information Collection Request: New Request.

Title of Information Collection: Leadership in Development Assistance Survey.

Use: The Millennium Challenge Act of 2003 (Pub. L. 108-199) established the Millennium Challenge Corporation (MCC) to reduce poverty through sustainable economic growth to poor countries demonstrating through their policy performance their commitment to good governance. One of MCC's strategic goals, as stated in its strategic plan developed pursuant to GPRA, is to "advance the international development practice." This survey will gather information regarding how MCC's unique model of assistance is impacting the development assistance community. In particular, it will measure whether other organizations recognize the distinguishing characteristics of MCC's

approach to providing foreign assistance, whether they believe that MCC's approach represents best practice, and whether they are modifying their own assistance programs to include elements of MCC's approach. The survey will be conducted by phone to organizations and individuals selected by MCC. Data gathered by the independent survey will be provided to MCC for the purpose of assessing its performance with respect to the above-stated strategic goal.

Notice of Information Collection

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. 3506(c)(2)(A)).

DATES: All comments should be submitted within 30 calendar days from the date of this publication.

ADDRESSES: All comments should be addressed to Sharon Mar, Office of Information and Regulatory Affairs; Office of Management and Budget; Room 10236; New Executive Office Building; Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should

be directed to Dr. Walter Kit, NASA Clearance Officer, NASA Headquarters, 300 E Street, SW., JB000, Washington, DC 20546, (202) 358-1350, *Walter.Kit-1@nasa.gov*.

SUPPLEMENTARY INFORMATION:

I. Abstract

The LIST System form is used primarily to support services at GSFC dependent upon accurate locator type information. The Personal Identifiable Information (PII) is maintained, protected, and used for mandatory security functions. The system also serves as a tool for performing short and long-term institutional planning.

II. Method of Collection

Approximately 46% of the data is collected electronically by means of the data entry screen that duplicates the Goddard Space Flight Center form GSFC 24-27 in the LISTs system. The remaining data is keyed into the system from hardcopy version of form GSFC 24-27.

III. Data

Title: Locator and Information Services Tracking System (LISTS) Form.

OMB Number: 2700-0064.

Type of review: Extension of currently approved collection.

Affected Public: Federal government, individuals or households, and business or other for-profit.

Responses Per Respondent: 1.

Annual Responses: 8,455.

Hours Per Request: 0.08 hours/5 minutes.

Annual Burden Hours: 702.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection.

They will also become a matter of public record.
