The Commission is charged with studying federal, state and local government policies and practices related to the prevention, detection, response and monitoring of sexual abuse in correctional and detention facilities in the United States. Consistent with the Act, the Commission's recommendations will be designed to make the prevention of sexual abuse a top priority in America's jails, prisons, lock-ups, juvenile facilities, and other detention facilities.

Since its creation, the Commission has undertaken a comprehensive legal and factual study of the penological, physical, mental, medical, social and economic impacts of prison sexual abuse on federal, state and local government functions and on the

communities and social institutions in which they operate.

Upon completion of its study, the Commission will report its findings, conclusions and recommendations to the President, Congress, the U.S. Attorney General and other federal and state officials. As a key component of its report, the panel will include the statutorily required zero-tolerance standards.

This notice is to announce the release of Draft Standards for the Prevention, Detection, Response, and Monitoring of Sexual Abuse in Adult Prisons, Jails, and supplemental standards for facilities holding Immigration Detainees, for a public comment period of 60 days.
