National Institute on Aging; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute on Aging Initial Review Group; Neuroscience of Aging Review Committee.

Date: June 2–3, 2008.

Time: 4 p.m. to 4:30 p.m.

Agenda: To review and evaluate grant applications.

Place: Doubletree Hotel, Bethesda, MD 20814.

Contact Person: Louise L. Hsu, PhD, Health Scientist Administrator, Scientific Review Office, National Institute on Aging, Gateway Building, 7201 Wisconsin Avenue/Suite 2C212, Bethesda, MD 20892, (301) 496–7705, hsl@examir.nia.nih.gov.

U.S. Army Forensic Toxicology Drug
Testing Laboratory, 2490 Wilson St.,
Fort George G. Meade, MD 20755–
5235, 301–677–7085.
Upon finding a Canadian laboratory to
be qualified, HHS will recommend that
DOT certify the laboratory (Federal
Register, July 16, 1996) as meeting the
minimum standards of the Mandatory
Guidelines published in the Federal
Register on April 13, 2004 (69 FR
19644). After receiving DOT
certification, the laboratory will be
included in the monthly list of HHS-
certified laboratories and participate in the
NLCP certification maintenance
program.
Elaine Parry,
Acting Director, Office of Program Services,
SAMHSA.

BILLING CODE 4160–20–P

* The Standards Council of Canada (SCC) voted
to end its Laboratory Accreditation Program for
Substance Abuse (LAPSA) effective May 12, 1998.
Laboratories certified through that program were
accredited to conduct forensic urine drug testing as
required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of
those accredited Canadian laboratories will
continue under DOT authority. The responsibility
for conducting quarterly performance testing plus
periodic on-site inspections of those LAPSA-
acredited laboratories was transferred to the U.S.
HHS, with the HHS’ NLCP contractor continuing
to have an active role in the performance testing and
laboratory inspection processes. Other Canadian
laboratories wishing to be considered for the NLCP
may apply directly to the NLCP contractor just as
U.S. laboratories do.
