40 CFR Part 52

[EPA–R04–OAR–2008–0116–200807a; FRL–8560–3]

Approval and Promulgation of Implementation Plans; Georgia: Enhanced Inspection and Maintenance Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is approving revisions to the Georgia State Implementation Plan (SIP), submitted by the Georgia Department of Natural Resources (GA DNR), through the Georgia Environmental Protection Division (GA EPD), on December 28, 2007. The revisions include minor changes to Georgia’s Air Quality Rules found at Chapter 391–3–20–.17, pertaining to rules for Enhanced Inspection and Maintenance (I/M). Enhanced I/M was required for 1-hour ozone nonattainment areas classified as serious and above, under the Clean Air Act (CAA). The enhanced I/M program is not a required measure for Atlanta for the 8-hour ozone standard pursuant to the CAA because the area is classified as a moderate nonattainment area (73 FR 12013). However, the enhanced I/M program was approved into the SIP for the 1-hour ozone standard and will remain in the SIP until such time that the State removes the requirement. To remove the requirement from the SIP, the State would have to make a demonstration that removal of this program would not interfere with or delay attainment, consistent with section 110(1) of the CAA. The I/M program is a way to ensure that vehicles are maintained properly and verify that the emission control system is operating correctly, in order to reduce vehicle-related emissions. This action is being taken pursuant to section 110 of the CAA.

DATES: This direct final rule is effective July 7, 2008 without further notice, unless EPA receives adverse comment by June 4, 2008. If adverse comment is received, EPA will publish a timely

withdrawal of the direct final rule in the **Federal Register** and inform the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID Number, “EPA–R04–OAR–2008–0116,” by one of the following methods:

1. *www.regulations.gov*: Follow the on-line instructions for submitting comments.

2. *E-mail*: harder.stacy@epa.gov.

3. *Fax*: 404–562–9019.

4. *Mail*: “EPA–R04–OAR–2008–0116,” Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303–8960.

5. *Hand Delivery or Courier*: Stacy Harder, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303–8960. Such deliveries are only accepted during the Regional Office’s normal hours of operation. The Regional Office’s official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding federal holidays.

Instructions: Direct your comments to Docket ID Number, “EPA–R04–OAR–2008–0116.” EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at *www.regulations.gov*, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit through *www.regulations.gov* or e-mail, information that you consider to be CBI or otherwise protected. The *www.regulations.gov* Web site is an “anonymous access” system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through *www.regulations.gov*, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be

able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: All documents in the electronic docket are listed in the www.regulations.gov index. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. - I. EPA's Action
- II. Analysis of the State's Submittal
- III. Final Action
- IV. Statutory and Executive Order Reviews

I. EPA's Action

EPA is approving a SIP revision submitted by the GA DNR, through GA EPD on December 28, 2007, pertaining to rules for Georgia's enhanced I/M program. The changes include changes to Georgia's Air Quality Rules, found at Chapters 391-3-20-.17 "Waivers," subparagraph (2)(a). These revisions became State effective on September 26, 2007.

II. Analysis of the State's Submittal

Rule 391-3-20-.17 "Waivers," is being revised to update the set dollar amount for repair costs that may qualify

for a waiver from the inspection requirements for the 2008 test year. Specifically, for the 2008 test year, the waiver limit is revised from \$738 to \$755, of qualifying repairs. For vehicles which otherwise qualify for waivers during the 2007 test year, the waiver limit is revised from \$710 to \$738, of qualifying repairs. These revisions, which Georgia submits on an annual basis, are based upon consumer price index data, as published by the Federal Bureau of Labor Statistics (see, CAA section 182(c)(3)(C)(iii)). This change does not impose any additional cost to the regulated industry or the public. Additionally, this change has no effect on the emissions reductions claimed in the SIP.

III. Final Action

EPA is taking direct final action to approve the aforementioned revisions, specifically, Chapters 391-3-20-.17 subparagraph (2)(a) into the Georgia SIP. These revisions were submitted by GA EPD on December 28, 2007.

EPA is publishing this rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. However, in the proposed rules section of this **Federal Register** publication, EPA is publishing a separate document that will serve as the proposal to approve the SIP revision should adverse comments be filed. This rule will be effective July 7, 2008 without further notice unless the Agency receives adverse comments by June 4, 2008.

If EPA receives such comments, EPA will then publish a document withdrawing the direct final rule and informing the public that such rule will not take effect. All public comments received will then be addressed in a subsequent final rule based on the proposed rule. EPA will not institute a second comment period. Parties interested in commenting should do so at this time. If no such comments are received, the public is advised that this rule will be effective on July 7, 2008 and no further action will be taken on the proposed rule.

IV. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211. "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May

22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the CAA. This rule also is not subject to Executive Order 13045, "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

In reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the CAA. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the

provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by July 7, 2008. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See, section 307(b)(2).)

[CS Docket No. 00–96; FCC 08–86]

Carriage of Digital Television Broadcast Signals; Implementation of the Satellite Home Viewer Improvement Act of 1999: Local Broadcast Signal Carriage Issues and Retransmission Consent Issues

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The actions taken in this document represent another step in the Commission's ongoing efforts to complete the transition from analog to digital television. In this document, we amend the rules to require satellite carriers to carry digital-only stations upon request in markets in which they

are providing any local-into-local service pursuant to the statutory copyright license, and to require carriage of all high definition ("HD") signals in a market in which any station's signals are carried in HD.

DATES: Effective June 4, 2008, except the amendments to 47 CFR 76.66(b)(1) and 47 CFR 76.66(d)(2)(vi), which contain new information collection requirements under the PRA and shall not be effective until the FCC publishes a document in the **Federal Register** announcing OMB approval of the effective date of these information collections.

ADDRESSES: Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554. You may submit comments, identified by CS Docket No. 00–96, by any of the following methods:
