

comparison market LOT is more advanced than the CEP LOT. Based on our analysis of the channels of distribution and selling functions performed by Polyplex for sales in the comparison market and CEP sales in the U.S. market, we preliminarily find that the comparison market LOT is at a more advanced stage of distribution when compared to CEP sales because Polyplex provides many more selling functions in the comparison market at a higher level of service as compared to selling functions performed for its CEP sales (*i.e.*, technical services/support, customer interaction, sales calls, marketing research, order processing, price negotiation, credit/payment collection, delivery/freight, inventory maintenance (non-consignment sales), inventory maintenance (consignment sales), and sales promotion). See Exhibit S1 of Polyplex's SABCQR. Thus, we find that Polyplex's comparison market sales are at a more advanced LOT than its CEP sales. There is one LOT in the comparison market, and there are no data available to determine the existence of a pattern of price difference, and we do not have any other information that provides an appropriate basis for determining a LOT adjustment. Therefore, consistent with section 773(a)(7)(B) of the Act, we applied a CEP offset to NV for CEP comparisons.

To calculate the CEP offset, we deducted from NV the comparison market indirect selling expenses from NV for comparison market sales that were compared to U.S. CEP sales. As such, we limited the comparison market indirect selling expense deduction by the amount of the indirect selling expenses deducted in calculating the CEP as required under section 772(d)(1)(D) of the Act.

Currency Conversion

We made currency conversions into U.S. dollars in accordance with section 773A of the Act and 19 CFR 351.415 based on the exchange rates in effect on the dates of the U.S. sales as certified by the Federal Reserve Bank.

Verification

As provided in section 782(i) of the Act, we intend to verify all information upon which we will rely in making our final determination.

Preliminary Determination

The weighted-average dumping margin in the preliminary determination is as follows:

Producer/Exporter	Weighted-Average Margin (Percentage)
Polyplex (Thailand) Public Company Ltd.	0.00

Suspension of Liquidation

In accordance with section 733(b)(3) of the Act, the Department will disregard any weighted-average dumping margin that is zero or *de minimis*, *i.e.* less than 2 percent ad valorem. Based on our preliminary margin calculation, we will not direct the U.S. CBP to suspend liquidation of any entries of PET Film from Thailand as described in the "Scope of Investigation" section that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. The Department does not require any cash deposit or posting of a bond for this preliminary determination.

ITC Notification

In accordance with section 733(f) of the Act, we have notified the ITC of the Department's preliminary determination. If the Department's final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after our final determination whether imports of PET Film from Thailand are materially injuring, or threaten material injury to, the U.S. industry. We will disclose the calculations used in our analysis to parties in this proceeding in accordance with 19 CFR 351.224(b).

Public Comment

Interested parties are invited to comment on the preliminary determination. Interested parties may submit case briefs to the Department no later than seven days after the date of the issuance of the final verification report in this proceeding. See 19 CFR 351.309(c)(1)(i). Rebuttal briefs, the content of which is limited to the issues raised in the case briefs, must be filed within five days of the deadline date for the submission of case briefs. See 19 CFR 351.309(d)(1) and (2). A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes. Further, we request that parties submitting briefs and rebuttal briefs provide the Department with a copy of the public version of such briefs on diskette. In accordance with section 774 of the Act, and 19 CFR 351.310, the Department will hold a

public hearing, if requested, to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by an interested party. If a request for a hearing is made in this investigation, pursuant to 19 CFR 351.310(c) the hearing will tentatively be held two days after the rebuttal brief deadline date at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, at a time and in a room to be determined.

Parties should confirm by telephone, the date, time, and location of the hearing 48 hours before the scheduled date.

Interested parties, who wish to request a hearing, or to participate in a hearing if one is requested, must submit a written request to the Secretary of Commerce, Attention Assistant Secretary for Import Administration, U.S. Department of Commerce, APO/Dockets Unit Room 1870, within 30 days of the publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. See 19 CFR 351.310(c). At the hearing, oral presentations will be limited to issues raised in the case and rebuttal briefs.

This determination is issued and published pursuant to sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: April 25, 2008.

David M. Spooner,

Assistant Secretary for Import Administration.

Pure Magnesium from the People's Republic of China: Extension of Time for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: May 5, 2008.

FOR FURTHER INFORMATION CONTACT: Hua Lu, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-6478.

SUPPLEMENTARY INFORMATION:

Background

On February 6, 2008, the Department of Commerce ("the Department") published in the **Federal Register** a notice for an extension of time to issue the preliminary results of the antidumping duty administrative review on pure magnesium from the People's Republic of China ("PRC"). See *Pure Magnesium from the People's Republic of China: Extension of Time for the Preliminary Results of the Antidumping Duty Administrative Review*, 73 FR 6931 (February 6, 2008). The Department extended the time period for issuing the preliminary results of review by 90 days until April 30, 2008.

Extension of Time Limit of Preliminary Results.

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("Act"), requires the Department to issue preliminary results within 245 days after the last day of the anniversary month of an order for which a review is requested and the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the 245-day time period to a maximum of 365 days. We determine that completion of the preliminary results of this review within the 335-day period is not practicable because the Department requires additional time to analyze information pertaining to the respondents' sales practices, factors of production, and to issue and review responses to supplemental questionnaires.

Because it is not practicable to complete this review within the time specified under the Act, we are fully extending the time period for issuing the preliminary results of to 365 days. Therefore, the preliminary results are now due no later than May 30, 2008, in accordance with section 751(a)(3)(A) of the Act. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to sections 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: April 29, 2008.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.
