

We appreciate and share NASFM's concern for public safety and effective emergency response. We agree the comment period on this issue should be extended to permit interested persons to provide more data and information on the definitional issue raised by NASFM in its October 19, 2007 letter.

II. Request for Comments

Issuance of this notice does not constitute a decision by PHMSA to undertake a rulemaking action on the substance of the petition. This notice is issued solely to obtain comments on the merits of the petition to assist PHMSA in making a decision of whether to proceed with a rulemaking. Comments are requested in regard to the safety implications of the proposals contained in the NASFM's petition. We are particularly interested in data and information related to regulation of polyurethane foam by other agencies, such as the Consumer Product Safety Commission, the Occupational Safety and Health Administration, the U.S. Coast Guard, and the National Fire Protection Association, and whether the standards used by these agencies could be adapted for use in the transportation environment. We invite interested persons to supplement comments they may have already submitted to address the issues raised in NASFM's October 19, 2007 letter, to highlight other issues that we should consider in making a decision on the petition, or to provide additional data and information in support of previously stated positions.

Issued in Washington, DC, on May 1, 2008.
