

Office. Please reference Batch IV ITPs for 41 applications in requests for the documents discussed herein.

FOR FURTHER INFORMATION CONTACT: Mr. Aaron Valenta, Regional HCP Coordinator (see **ADDRESSES**), telephone: 404-679-4144, or Mr. Darren LeBlanc, Fish and Wildlife Service Biologist, Daphne Field Office (see **ADDRESSES**), telephone: 251-441-5859.

SUPPLEMENTARY INFORMATION: We announce applications for 41 ITPs, including the HCPs, and the availability of an EA. The EA is a combined assessment addressing the environmental impacts associated with these projects both individually and cumulatively. Copies of these documents may be obtained by making a request, in writing, to the Service's Regional Office (see **ADDRESSES**). This notice advises the public that we have opened the comment period on the ITP applications, the HCPs, and the EA. This notice is provided pursuant to section 10 of the Act and National Environmental Policy Act regulations at 40 CFR 1506.6.

We specifically request information, views, and opinions from the public on the Federal action, including the identification of any other aspects of the human environment not already identified in our EA. Further, we specifically solicit information regarding the adequacy of the HCPs as measured against our ITP issuance criteria found in 50 CFR parts 13.21 and 17.22.

If you wish to comment, you may submit comments by any one of several methods. Please reference Batch IV ITPs for 41 applications for residential development in such comments. You may mail comments to our Regional Office (see **ADDRESSES**). You may also comment via the Internet to aaron_valenta@fws.gov. Please include your name and return mailing address in your Internet message. If you do not receive a confirmation from us that we have received your Internet message, contact us directly at either telephone number listed (see **FOR FURTHER INFORMATION CONTACT**).

Finally, you may hand-deliver comments to either Service office listed (see **ADDRESSES**). Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the administrative record. We will honor such requests to the extent allowable by law. There may also be other circumstances in which we would withhold from the administrative

record a respondent's identity, as allowable by law. If you wish us to withhold your name and address, you must state this prominently at the beginning of your comments. We will not, however, consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

The ITPs would cover 41 discrete lots totaling 23.2 acres on the Fort Morgan Peninsula. Under the preferred alternative, project development would result in the overall loss of 4.25 acres of ABM habitat. Minimization and mitigation of impacts includes: reduced project impacts, maintenance of ABM habitat on-site, prohibition of cats, preservation of dune habitat, and elimination of debris.

We will evaluate the HCPs, applications, and any received comments to determine whether the applications meet the requirements of section 10(a) of the Act. If it is determined that those requirements are met, the ITPs will be issued for the incidental take of the ABM. We will also evaluate whether issuance of the section 10(a)(1)(B) ITPs comply with section 7 of the Endangered Species Act by conducting an intra-Service section 7 consultation. The results of this consultation, in combination with the above findings, will be used in the final analysis to determine whether or not to issue the ITPs.

Dated: April 30, 2008.

Acting Regional Director.

Green River Farms, a domestic corporation, has proposed to file with BLM an application to lease the above public lands, located near Green River, Utah. The lands would be used, occupied and developed as a commercial agricultural farm in conjunction with adjoining private lands owned by Green River Farms and lands leased to Green River Farms by the State of Utah School and Institutional Trust Lands Administration.

After review, the BLM has determined that the proposed use of the above described parcels is in conformance with the Grand Resource Area Resource Management Plan, and that the above described land is available for that use. Therefore, pursuant to section 302(b) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1732(b)) and the implementing regulations at 43 CFR part 2920, the BLM will accept for processing an application to be filed by Green River Farms, or its duly qualified designee, for a non-competitive lease of the above described lands, to be used, occupied, and developed as stated above. A non-competitive lease may be employed in this case because all of the subject tracts of public land are adjacent to lands of the same proposed farming project. A detailed description of the negotiated, non-competitive process was provided in the original notice.

On or before June 23, 2008, interested parties may submit comments to the BLM at the address stated above with respect to:

(1) The decision of the BLM regarding the availability of the lands described herein and

(2) The decision of the BLM to accept for processing an application from Green River Farms for a non-competitive lease.

Facsimiles, telephone calls, and electronic mails are unacceptable means of notification. Comments including names and street addresses of respondents will be available for public review at the BLM Moab Field Office during regular business hours, except holidays. Individual respondents may request confidentiality. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire

comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Any adverse comments will be reviewed by the BLM Utah State Director, who may sustain, vacate or modify this realty action. In the absence of any objections, or adverse comments, the proposed realty action will become the final determination of the Department of the Interior.

Authority: 43 CFR 2920.4.

Dated: April 30, 2008.
