Summary

I. Introduction and Executive Summary

1. In this *Big LEO 3rd Order on Reconsideration and AWS 6th MO&O and Order and BRS/EBS 4th MO&O*, the Commission takes the following actions with respect to petitions for reconsideration filed in response to the *Big LEO Order on Reconsideration and AWS 5th MO&O and BRS/EBS 3rd MO&O and 2nd R&O*:

- Grant a petition, in part, by adopting the part 1, subpart Q competitive bidding rules for future BRS auctions, seeking further comment on rules for future licenses for EBS spectrum, and directing WTB to review inventory and schedule auction(s) of unassigned BRS spectrum as soon as practicable.

- Adopt the small business size standards and bidding credits proposed in the *BRS/EBS FNPRM* ("small business"—an entity with attributed average annual gross revenues not exceeding \$40 million for the preceding three years; "very small business"—an entity with attributed average annual gross revenues not exceeding \$15 million for the same period; and an "entrepreneur"—an entity with attributed annual average gross revenues not exceeding \$3 million for the same period).

- Deny a petition requesting that the Commission permit licensees to self-transition before January 21, 2009, the deadline for proponents to file an Initiation Plan with the Commission.

- Grant a petition asking the Commission to correct the inconsistency between the *BRS/EBS 3rd MO&O* and the text of § 27.1236(b)(6), and on the Commission's own motion, change references in §§ 27.1231(f), 27.1236(a), 27.1236(b)(1) and 27.1236(b)(6) to dates certain.

- Deny as moot a petition requesting that the Commission clarify the requirements for multichannel video programming distribution (MVPD) operators seeking to opt out of the transition.
